NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended June 30 1950.

Principal Chas. F. Howard

Dated June 30 1950

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended June 30 1950.

Principal Chas. F. Howard

Dated June 30 1950

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ST. GEORGE'S IND. RES. SCHOOL School for the Quarter ended Sept. 30 1957

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ST. GEORGE'S IND. RES. SCHOOL School for the Quarter
LYTTON, B. C.
ended MAR 31 1951.

Principal Chas. F. Hines

Dated MAR 31 1951.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance
and tuition at the ST. GEORGE'S IND. RES. SCHOOL

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended December 31st 1951.

Principal Chris F. Hines

Dated December 28th 1951.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended June 30th 1951.

Principal Chas. F. Hired

Dated June 30th 1951

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the-quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 1st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. Joseph's School for the Quarter ended Sept. 30, 1942.

Principal Chas. F. Hayes

Dated Oct. 7, 1942.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Dec. 31 1942

Principal Chas. F. Hines

Dated Dec. 31 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the St. George's School for the Quarter

ended Dec. 31 1942

Principal Chas. F. Hines

Dated Dec. 31 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Mar 31 1943.

Principal Chas. F. Hood
Dated Mar 31 1943.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended June 30 1943

Principal Phis F. Hawes

Dated June 30 1943

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

No 3

Boys.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Sept. 30 1940.

Principal Chas. F. Jones
Dated Oct. 7 1940.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. Georges School for the Quarter ended Sept. 30 1944.

Dated Oct. 1 1944 Principal Chas. L. Haves

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Res. on. this Oct 16th 1944

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Sept. 30 1944.
Principal Chas. F. Howard
Dated Oct. 1 1944

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. Searge's School for the Quarter ended Dec 31, 1944

Principal Chas F. Hines

Dated Dec 31, 1944

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended March 31 1945
Principal Chas F. Harris
Dated April 3 1945

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended June 30 1945

Principal Chas. F. Stewes
Dated June 30 1945

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Sept. 30 1945

Principal Chas. F. Hawes

Dated Oct. 5 1945

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Mar. 31 1946
Principal Chas. F. Howard
Dated Mar. 31 1946

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended June 30 1946
Principal Chas F. Hines
Dated July 6 1946

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Sept. 30 1946.

Dated Sept. 30 1946 Principal Chas. F. Howard

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Lytton this Oct 9th 1946 Indian Agent [Signature]

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter

ended Sept 30 1946

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the St. Georges School for the Quarter

ended June 30 1947

Principal Chas. F. Jones

Dated June 30 1947

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Sept. 30 1942.

Dated Oct. 2 1942
Principal Chas. F. H. H.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at St. George's

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Sept. 30 1947

Dated Oct 3 1947 Principal Chas. F. [Signature]

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Lytham this 6th 1947 Indian Agent [Signature]

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Dec. 31 1947
Principal Chas. F. Hines

Dated Dec. 31 1947

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the St. Pargis School for the Quarter

ended June 20 1948

Dated June 20 1948 Principal Chas. F. Howard

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. George's School for the Quarter ended Mar. 31 1949

Dated Mar. 31 1949
Principal Chas. F. Haines

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

Indian Affairs Branch,
OTTAWA.

Dear Sir,

I shall need some money to care for this quarter's expenditures.

At this time of the year, I realise that it is rather a proposition for the Department to make advances, but if there is any way other than raising enough money at the Bank to take care of my needs, I should very much appreciate a cheque to the amount of some \$2500.00. This will get me by but a cheque of \$3000.00 would practically clear my books and give me a clear balance, or close to a balance on the right side for this year.

The reason, of course, for this shortage this year is very obvious. Had I had the children in the School and my average had been around 165 instead of 136/8, I should have been well away on the year's work.

54
I shall be glad if you will let me know by return what the Department can do in the way of forwarding a cheque to take care of the remainder of the financial year, as I have a number of bills which should be paid, in the way of grocery, light and clothing.

I might point out that last quarter I was able to take care of a great many bills by using the money forwarded for the heating installations and changes. As you will note by the report these installations were not entirely paid for until January 24th., the reason being that they were subject to the acceptance of the Boiler Inspector before being fully taken over by the School.

Thanking you for immediate attention,
Yours very obediently,

[Signature]
Principal.

Ottawa,
February 10, 1938.

Reverend Sir:

I am in receipt of your letter of the 4th instant in which you advise that at the present time there is a deficit of approximately \$3,000.00 at the St. George's Indian Residential School. I note that you state that this condition is due to the fact that you have not been able to obtain your authorized enrolment.

When you visit Ottawa you should come prepared to discuss with the officials of this Branch the reason why it has not been possible to secure the number of pupils for which per capita allowance is authorized at the St. George's Residential School. The majority of our Indian Residential Schools are overcrowded and it is difficult for us to explain why a school with accommodation for 180 has only had an average enrolment of 136.8.

I would also point out that the last quarterly financial statement from the St. George's School covered the quarter ended March 31, 1937. The June, September and December quarterly financial statements have not yet reached us. It is felt that as you keep your books up to date at all times there should be no trouble in forwarding the quarterly financial statement immediately after the close of the quarter. Please let me have the three statements mentioned above by return mail.

Rev. A. R. Lett, L.S.T.,
Principal,
St. George's Indian Residential School,

Under separate cover you are being forwarded a cheque for \$3,000.00 which it is noted from the second paragraph of your letter will enable you to end the current fiscal year with a clear balance.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Mr. R.A. Hoey,
Dept. of Indian Affairs,
Ottawa.

Dear Mr. Hoey- Under separate cover I am forwarding financial statements for each month except for April and May which two months appear in one. I also have made out a statement for the nine months which shows a slightly different balance than that showing on the December monthly sheet.

Last spring auditor Willis changed my system of book keeping a bit and as I am not a book keeper I have found it hard to adjust myself. While I was aware that the Dept. wished a quarterly statement, I had hoped that this would have been overlooked until I had another Audit. I however hope that you will find in them the information you require. While I am a little out yet they will give you some idea of Receipts and Expenses.

If there is anything needing explanation, I shall be glad to make such.

Yours very obediently,

A. R. Lett

Principal.

P.S. I hope you will excuse the quarterly
statement sheet.

Dear Mr. Hoey,

I have just finished my Quarterly Reports and
this p.m. they will be in the Agent's hands.

Would it be possible for you to rush these grants
through, as I hope to leave here for the East on Easter Monday
April 18th. and would like to issue Staff cheques and pay other
bills before I go.

Thanking you, and trusting this request will be
in order,

Yours very obediently,

A. R. Lett
Principal.

P.S. In regard to my visit in the East, I shall have with me
about 1600 ft. of coloured 16 m/m film and would be glad to show
these to you when in Ottawa. They are extremely interesting
and I think you would find them very entertaining.

I am hoping to show in some of the Churches and if it is
possible for you to loan a 16 m/m projector from, say, the Dept.
of Natural Resources, it would be very convenient indeed.

October 11, 1938.

Reverend Sir:

I have just had an opportunity of reviewing the report submitted by Auditor T. G. Willis with reference to his examination of the books at the St. George's Indian Residential School on September 20 last.

The following are extracts from his report:

"The cash was only written up to July 31st and no bank reconciliation had been made since June 1937. Although the Principal had formerly made up a reconciliation every month he was unable to do so when he had a debit balance and as a result he did not make any from then on. It was therefore impossible to make a reconciliation, but after taking off a receipt and expenditure balance for the period I was able to verify the balance of \$410.78 as shown in statement.

"Several adjustments were necessary as three cheques had been entered wrong and the bank charges for overdraft had been omitted in Credit cash book. Two notes were signed by Principal to the Bank of Commerce, Ashcroft, in the amounts of \$700.00 and \$2000.00 while awaiting per capita cheque from Department, but have both been paid and the charges were less than \$5.00.

"The operation costs show the cost per child per day to be 68 cents and \$250.16 per year. This is quite an increase over last year and with only an average attendance of 140 and staff of 18 the Principal will have difficulty in financing on the school's earnings.

Rev. A. R. Lett,
Principal,

"The books and records were not found to be in as good condition as previous years and were not up to date. With the books now balanced there should be no difficulty in keeping them up to date and making a reconciliation every month."

It is hoped that with the books having been balanced you will be able to keep them up to date and make the necessary reconciliation every month.

Incidentally it is noted that you have not submitted the quarterly financial statements for the quarters ended March 31 and June 30, 1938. The September quarter financial statement is also due. I realize from correspondence recently received from you that owing to the death of your mother you have been obliged to be absent from the school for a few days but I trust that you will prepare the quarterly financial statements for these three quarters and forward them to the Department. In future these statements should be forwarded promptly at the end of each quarter.

In official letter of February 27, 1936 you were requested not to obtain loans from the bank but to request advances on your per capita grant if necessary. The Department trusts that you will strictly comply with these instructions in future.

Yours truly,

T.R.L. MacInnes,
Secretary.

Mr. T.R.L. McInnes,
Secretary,
Dept. of Mines & Resources,
Indian Affairs Branch,
OTTAWA. Ont.

Dear Mr. McInnes,

Find enclosed statements per month of the
School finance, which I hope will be in order.

I hope, in the next few days, to be able to
balance these quarterly and forward them to you.

You will note that the financial situation is
very much better at the end of the nine months than at the
last of the quarter. Last year we had a cheque of \$3000 from
the Department with which to take care of deficits. This year,
if it is possible, I would like to have the use of \$1000. This
would be sufficient to take care of the arrears.

I still have farm produce to the amount of some
\$700 to collect and which should come along in the very near
future, but if possible for the Dept. to do so, I could use an
extra \$1000.

Thanking you for any help you may be able to
give us in this regard,

Yours very obediently,

Encl/

Dear Mr. Hoey,

Find enclosed herewith reports covering financial yearly accounts.

You will notice that the figures are much less this year than they have been, in total. The auditor did not wish me to include the value of farm produce consumed with the receipts, and consequently they were also left out in the food column expenditures. The value of food consumed in the School is \$7302.47.

Excepting for extra wages, which item is down some \$1300, the expenditures individually run about the same.

Adding the farm cash receipts to the farm produce consumed would make a regular farm intaking of \$11494.55.

I am also enclosing monthly, quarterly and yearly statements, which I hope you will find satisfactory. If there is an explanation you need, I shall be very glad to try and make it.

Yours very obediently,

A. R. Lett

Mr. R. A. Hoey,
Supt. of Welfare & Training,
Dept. of Mines & Resources,
Indian Affairs Branch,
OTTAWA Ont.

Dear Mr. Hoey,

I have submitted my Quarterly Return reports to the Agent and should be glad if the Dept. would see that our cheque for earnings is forwarded during the month of April.

On two occasions last year, our accounts were overdrawn at the Bank during the first months following submission of our Quarterly Returns and I was obliged to issue notes, which fact appeared on my financial account and which the Department criticised rather strongly. The reason for this overdraft was simply that I did not receive my cheques in time to show on my first month's balance sheet and as the Department does not wish such to occur again, I would ask them to pay special attention, if possible, to at least part of my earnings being sent during the present month.

I am aware of the fact that perhaps there is a difficulty because of the end of the fiscal year, but wish to point out the above facts in preparation for a possible repetition of last year.

Yours very obediently,

Dear Mr. Hoey,

In connection with our returns, I have, as you will notice, allowed the full number of days for the quarter, which I hope you will agree to as I can recognise the 60 days per capita earning vacation beginning July 1st. I am taking it for granted that, if the 60 days are considered, you will find it in order to forward the per capita earnings as stipulated.

Last year at this time, our quarterly earnings cheque, due about the middle of July, did not arrive until after the 1st. August and it was necessary for me to sign a note at the Bank to cover an overdraft. I would ask you again to see that this cheque is forwarded in time for credit in the Bank before the last of July.

I thank you for your co-operation in this regard during April and I would also like to take this opportunity of thanking you for your promptness in forwarding Discharge Certificates.

Yours very obediently,

A. R. Lett

Dear Mr. Hoey:

I would like to ask for an advance of \$2000. on this quarter's earnings. I hoped by this time to have had returns from farm produce sold but while we have shipped some seven carloads of hay the checks are slow in issue and I shall need some money to provide coal for the school at this time and I have also, for a couple of years, been in the habit of buying our beef supply on foot from the Indians and bringing them in for winter feeding. I should like again to carry this out as there are two advantages in this manner of providing ourselves with meat.

(1) The Indians receive cash for their produce and (2) it gives us an opportunity by feeding these cattle in our own feeding sheds in training the boys in finishing beef cattle, so necessary in this district where cattle raising is a big industry.

Thanking you in advance, I am

Dear Mr. Hoey:

I understand the quarterly reports for the quarter ending December 31, 1939 have just today gone forward to the department. These were forwarded to the Office in Lytton on the 4th., instant and while there was a small mistake in figuring one column on the boys' returns this should not have been responsible for the delay. These should be in your hands, and I would ask you to please see that the check comes forward at the earliest possible moment. *Sherry*

Reverend Sir:

I have just had an opportunity of reviewing the report submitted by Auditor T.G. Willis with reference to his examination of the books at the St. George's Indian Residential School for the period July 31, 1938, to December 31, 1939.

In one part of his report Mr. Willis writes: "It was also necessary to get a loan of \$700.00 from the bank for which the Principal signed a personal note." With regard to obtaining the bank loan I would refer you to official letter of October 11, 1938, also official letter of February 27, 1936, in which you were directed not to obtain loans from the bank.

As you are aware the Auditor General takes exception to the obtaining of bank loans and consequently the Department is obliged to insist that our previous instructions in this regard be carried out. Please let me have your assurance to that effect.

Dear Mr. Hoey:

I am wondering when we can expect our Per Capita earnings check as I am anxious that payments should be made as soon as possible. I am aware of the fact, that at this time of the year the funds are generally low but wondered if, perhaps, the check had been forwarded and gone astray.

Thanking you for your attention,

Reverend Sir:

With reference to your letter of the 6th instant a cheque for \$5509.80 in part payment of the March quarter earnings of the St. George's Residential School was sent to you on the 4th instant and it is hoped that it has reached you by this time.

We are operating at the present time on Governor General's Warrant and consequently the funds at our disposal will only permit payment of approximately 80% of the March quarter earnings. Further funds will be available after the opening of Parliament.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Mr. Hoey-

I have just learned that my Quarterly Returns which were delivered to the office in Lytton on the 1st day of the month are still there.

My per capita grants should be here before this and it is rather upsetting for the Staff to have to wait for salaries and also that bills should necessarily have to go unpaid. My earnings amount to \$7096.95 and could the Dept forward a part of this in order that I might pay my staff and carry on.

I do not wish to complain but feel that earlier attention should be given these reports in the local office in order that my earnings should come through in good time.

May I thank you for whatever you may be able to do for me.

Dear Mr. Hoey,

A few days ago I wrote asking for an advance on this quarter's earnings to an amount of \$2000.00, and since that time, and after a period of illness, I have been able to check up and find that due to uncontrollable factors, it is necessary for me to go back to you for an additional advance of \$2500.00. To ensure the necessary supply of clothing, I was obliged, because of conditions, to put in a year's supply, which bill for clothing amounts to some \$2000.00. There is also a bill for boots and rubbers to an amount of some \$400.00, and together with these our coal supply must be taken care of at this time of the year.

This, as you will note, will total \$4500.00 in advance on a possible per capita earning return of \$7,100.00, thus as it were spending in advance the greater part of the quarter's earnings. While this is so, there is no need to worry, as while I do expect a deficit, it will not be over \$1500.00 and this could come to us, if available, from the New England grant to arrive during the quarter ending March 31st, in time to take care of salaries for the month of March.

92500-2 I am, therefore, contemplating a deficit on the year's work of \$1500.00, and I should be extremely grateful if the additional cheque could be forwarded to me as soon as possible so that I can take care of the condensed bills which conditions demanded this year. In other years I have been able to spread them out. I sincerely trust that I am not asking too much, and that you will see the necessity which has arisen and for which I wish to make provision.

Yours very obediently,

A. R. Lett

With reference to your letter of the 25th ultimo I regret that present regulations do not permit our making a second advance on the December quarter per capita allowance to the St. George's Indian Residential School. However, I am arranging to forward to you under separate cover a cheque for \$2,500.00 from New England Company funds. Dear Mr. Hoey,

I had looked forward to a cheque in advance on this mail, and this has not come to hand. The fact that my cheques have been held up, through no fault of my own, is creating a rather embarrassing financial position.

I shall be obliged to explain to my staff and also to dry goods and other firms with whom I carry on school business that my cheques from the Department are somewhat delayed. I should be really glad if you would give immediate attention to these advances as I am really in need of cash with which to carry on. Prices for farm products have been very low this year, and I have not realized the cash subsidy which at this time of the year should be in. As you know, there is only the farm to rely upon, and unless the Department comes to my aid I cannot take care of my accounts. The Department has been very particular heretofore in specifying that I must take care of school expenditures through advanced grants. May I have same, please?

Yours very obediently,

MR. HOEY -

Dear Mr. Hoey,

To date, the cheque from the Department for the per capita earnings for the quarter ending March 31st, 1941 has not been received, and I was just wondering if this might have gone astray in the mail.

There has been delay in receiving the per capita grant for the quarter ending March 31st in previous years, but we have not had to wait so long as this for the cheque on other occasions. The quarterly returns were forwarded by the school to the Indian Agent, Lytton, on April 2nd.

Anything which you can do for us in this matter will be very greatly appreciated.

Yours very truly,

Principal.

AIR MAIL

Reverend Sir:

With reference to your letter of the 10th instant cheque 10548 for \$3800.00, in part payment of the March quarter per capita earnings of the St. George's Residential School, was mailed to you on the 9th instant and it is hoped has reached you by this time.

Due to treasury regulations it was impossible to pay any of the per capita allowances until this month and as we have only obtained an interim supply bill it was impossible to pay the full amount of the March quarter earnings. As soon as additional funds are provided by Parliament the balance due will be forwarded.

Yours truly,

R.A. Hoey,

Dear Sir:

In reporting on his audit of the books at the St. George's Indian Residential School, Inspector Coleman gave the financial standing of the school on July 14 as follows:-

Outstanding accounts	-	-	\$3,356.87
Accounts receivable	\$469.60		
Cash in bank	<u>260.00</u>		729.60
Debit balance	-		2,627.27

Under separate cover we are forwarding, from New England Company funds, a cheque for \$3,000. This is being issued in favour of Mr. Stewart and yourself and should be endorsed by both of you and deposited in the school account which, I understand, is in the Bank of Montreal, Ashcroft, B. C. This amount should permit immediate payment of all outstanding accounts. Please advise me when this has been done.

Yours truly,

Dear Mr. Strang: This is to advise you that the following outstanding accounts as listed by Mr. Coleman, Inspector of Indian Agencies, in his July 15 financial statement of this school have been attended to. Cheques have gone forward today to the various firms, and in each case I have asked for the receipt in quadruplicate for government purposes.

It was necessary for me to hold back \$100 in the account of Gillespie Grain Co and \$300 in the case of Vancouver Inland Coal, since the \$3000 sent to me by the Department in Ottawa was not enough to cover all outstanding accounts, since the accounts receivable as list on the July 15th statement have not been forthcoming to date. I trust the Department will realize it was necessary for me to leave certain accounts as not fully cleared off, as in the case of the two just mentioned above.

I might add also there was \$336.14 Indian wages for farm workers here in July due and I had to give these attention, since the Indians were very restless over the matter

Accounts paid as per list of Mr. Coleman, July 15 are:

J. H. Anthony-----	\$14.55	Massey Harris-----	105.81

May I also draw your attention to the fact that not all outstanding accounts were in at the time Mr. Coleman, Inspector of Agencies made his audit here. certify the bill is in order before + submit it to Mr. Coleman for transmitting to Ottawa. + have sent on the following outstanding accounts for Mr. Lett's signature and trust he will attend to them soon, so the matter might be settled.

Leckie Shoe Co., Account--many months old-----	\$548.76 -

Singer Sewing Machine Company-----	12.00 -
B. R. Meat Market Company -----	33.00
Staff Salaries -----	640.00

20335.9

In the case of the staff salaries Mr. Lett paid staff on the yearly basis of 11 months if returning for another year. It may be however, he will consider only one half (\$320) belongs to his term of office, till July 15, in such case only \$320 would be staff wages owing to July 15.

Apart from above, \$465.56 regular wages for July to staff is now due. These include two farm hands, manual training instructor, who has worked here all summer, cook, engineer and office worker. This is for the period of July 15 to July 31. There is also some extra wages for help during the canning period to be paid also.

Therefore if you would kindly notify the Department of the situation here I would greatly appreciate it. The school bank account at present has a debit balance of about \$180.00

I shall see to it that all expenditure is kept to the minimum and that proper records are kept for inspection and investigation. Thanking you for your valuable help and assistance to me, I remain,

NS.

Sir,-

With reference to Departmental letter dated July 30, 1941, I beg to enclose herewith a statement from Mr. Noel Stewart, Acting Principal of the St. George's Indian Residential School, giving the financial standing of the School up to date.

The enclosed statement shows the accounts paid from the \$3000.00 received from the Department and outstanding accounts, records of which were not at hand at the time of Inspector Coleman's audit. It is respectfully requested that a further sum be made available as soon as possible to the Acting Principal in order that the outstanding accounts as listed may be paid. I would further suggest that the Department advise Bishop Adams to see that the late Principal endorse the outstanding accounts submitted to him, with as little delay as possible as I fear they will receive the same consideration as the originals.

The Acting Director

Ottawa, August 29, 1941.

Dear Sir,-

St. George's Indian Residential School
Lytton, B.C.

Under date of June 18th last, when the Department received from the Reverend A.R.Lett, Principal of the above-noted school, a letter tendering his resignation to be effective July 15, 1941, we wrote you requesting that you arrange for Mr. Coleman to visit the school and make an audit of the books and financial records for the period January 1st to July 15th, and also to advise the Department of any outstanding accounts as at that date.

The audit report and statement of outstanding accounts submitted by Mr. Coleman disclosed outstanding accounts amounting to \$3,356.87 and accounts receivable of \$469.60. Mr. Coleman recommended that an advance of \$3,000.00 be made to pay these accounts. This amount was forwarded on July 30, 1941, and on August 14th Mr. Strang, the Indian Agent, furnished the Department with information as to the accounts paid. He also advised of further outstanding accounts of over \$2,000.00.

In a letter received from Mr. Coleman on August 16th the outstanding accounts had increased to \$2,372.72, and a further letter from Mr. Coleman of August 18th advises of additional accounts amounting to \$91.76, while a letter from the Lytton Electric Company Limited encloses a statement showing light and power accounts due as at July 31st, 1941, of \$385.32. Indian Agent Strang has recommended a further advance be made in

order that all these accounts may be settled.

The Department is greatly concerned over these accounts. When Mr. T.G. Willis visited this school on January 24, 1941, for the purpose of auditing the records, these outstandings were not disclosed by the Principal and no mention is made by Mr. Willis of them in his report other than that the Principal still found difficulty in financing on the school's earnings. It was only on Mr. Coleman's audit of July 15, 1941, that the outstanding bills were disclosed.

Before advancing any further monies, the Department is requesting that you visit the school and satisfy yourself that the articles purchased as represented by these accounts were necessary for the proper administration of the school and that they have been received at the school, and to determine as far as possible if all the outstandings have been disclosed.

For your information I enclose copies of the following,-

Mr. Coleman's letter of July 21 enclosing his report of July 15.

Copy of the account of the Lytton Electric Company Limited

Mr. Coleman's letter of August 16.

Mr. Strang's letter of August 15 enclosing a letter from Mr. Stewart.

Mr. Coleman's letter of August 18.

On receipt of your report the Department will give consideration to the recommendation of advancing further monies.

Yours truly,

Acting Director.

Lytton, B. C., Feb. 19th, 1942.

Dear Sir:

I beg to enclose herewith the Financial Report of St. George's Industrial School from October 1st, 1941, to January 31st, 1942.

The expenditures in household equipment, travel and transportation appear rather high, but are accounted for in the purchase of new furnishings, etc., for the Principal's residence, and transportation from Ontario to British Columbia for himself and family.

I wish to state here that I have had occasion to visit the School quite frequently since the Rev. C. F. Hives has taken charge, and I feel that the improvement in the morale of the whole School to date justifies the change in administration and the Department's choice of a Principal.

I fully appreciate his difficulties in smoothing out unsatisfactory conditions resulting from the previous administration, and promoting goodwill among the personnel without favoritism or any loosening of discipline.

Your obedient servant,

A. Strang,
Indian Agent

I wish also to direct the attention of both the Principal and yourself to official letter of October 24, 1941, in which both of you were informed that the financial statement should be forwarded at the end of each month. The Department will expect that these instructions will be followed in future. If the bookkeeping is kept up to date as it should be there is no reason why the financial statement should not reach the Department within two weeks of the end of each month.

Yours truly,

Dear Sir:

Will you kindly send an advance per capita grant cheque to the amount of \$2000.00. I am going to have difficulty in meeting all my obligations before the regular grant comes due. I don't think this difficulty will arise again, but owing to fuel, household equipment and repairs, our expenses have been high during the last quarter.

I would be very much obliged if you will kindly forward cheque any time during the month of March.

Yours faithfully.

Dear Sir:

We are being urged to secure our next Winter's supply of coal fuel. I would like to do this immediately, as we have the accomodation and the time to do it. But the cost is a little more than I could manage right now.

We could handle four car loads, and that amount would be sufficient to see us through next Winter. The cost would be, in our storage, approximately \$1200.00.

I would be very much obliged if you would recommend that this amount be advanced from ~~the~~ the last quarter of the current year's earnings for our school.

Yours faithfully.

Dear Sir:

I enclose herewith letter dated the 8th instant received from the Reverend Principal of St. George's Indian Residential School advising that in view of the fuel situation in this province, it is very desirable to secure their School requirements during the slack season of the year but that this would cost the School approximately \$1200.00. The expenditure is greater than they could handle from the funds on hand and the Principal would like to know if it is possible to secure an advance on the earnings of the later part of the School year.

If at all possible, I would recommend favourable consideration of the application and would appreciate your advice in the matter.

Dear Sir:

I would like an advance per capita grant cheque for the amount of \$1500.00 in order to meet current expenses.

Our school term closes on the 20th of this month, and all staff salaries for the month should be paid at that time. Will you kindly forward cheque to be here before then if possible.

Yours faithfully.

AIR MAIL

Dear Mr. Hives:

I have your letter of the 28th ultimo, requesting an advance of \$2500.00 on the December quarter per capita allowance of the St. George's Indian Residential School. I was hopeful that you would find it unnecessary to make such applications. However, my primary purpose in writing this letter is to point out that there appears to be a tendency on your part to follow the same procedure as caused much of the trouble that existed between your predecessor and the Indian Agent. As previously intimated to you, we are anxious to avoid this state of affairs. I, therefore, suggest that you consult Mr. Strang and have him apply for an advance if necessary. When applying to him you should advise him why you consider an advance is needed.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

Will you kindly apply to the Department for an advance cheque on the present quarter's per capita grant, for the amount of \$2000.00.

I am buying next winter's coal supply for our school, and am having to pay for two car loads this week. This leaves our balance too small to pay my staff before the regular Quarterly cheque arrives.

Ottawa,

Major D.M. MacKay, Indian Commissioner, P.O. Box 70,
Vancouver, B.C.

I am in receipt of your letter of the 10th instant, enclosing the October and November financial statements of the Principal of the St. George's Residential School. Please point out to him immediately that the financial statement should be sent at the end of each month. It is rather interesting to review these statements and I would like to bring the following to your attention:

September 30	-	Current surplus	\$ 6,775.65
October 31	-	Current surplus	5,102.47
November 30	-	Current surplus	4,807.05

 You will note from the above that the current surplus has dropped over \$1,900.00 in the last three months. There may be a good reason for this, but we have had such previous, unfortunate experiences regarding financing at this school that these figures have worried us a little. I might also draw your attention to the fact that the September statement showed salaries in arrears to the amount of \$965.00. This item had increased to \$1,253.50 at the end of November. The Principal should supply an explanation of why salaries are allowed to become in arrears.

Possibly either you or Inspector Coleman would have an opportunity of discussing the financial situation at this school with the Principal some time in the near future following which interview you should write to me.

Rev. C. F. Hives,
Principal

Dec. 3, 1943

Lytton, B.C.

Dear Mr Strang:

Our school financial situation is in rather a bad way; and I am writing you to ask if you will kindly place before the Commissioner a request that financial assistance be given us from the New England Company funds, if they are available.

I have tried in every way to meet all our current expenses on the per capita grant allowance, and the return from the farm. Our farming returns this year were very much below normal. The fruit was almost a total failure; the potatoes were blighted; and the yeild throughout was light. Salaries have had to be increased in order to obtain a staff of workers in the school. Food and clothing prices have advanced. Owing to epidemics of measles and colds we have had to use nearly two months of fuel extra; and our fuel bill in high in proportion. But the most serious extra expense is the advance in salaries; which we have had to increase 30 and 40 per cent in order to obtain workers.

We urgently require the sum of two thousand dollars to clear ourselves of all debt and pay all salaries by the end of the year.

Will you kindly give this matter your careful consideration; and if at all possible give your approval to my request of financial assistance at this time.

Yours faithfully

Chas. F. Hives

Principal.

VANCOUVER, B.C.

I enclose herewith a duplicate letter written by the Reverend Principal of the St. George's Indian Residential School at Lytton, B.C. in connection with his request for financial assistance for the School.

I beg to draw your attention to the effect that the poor output of the School farm this year can, in no way, be attributed to mismanagement of the farm but is due to lack of assistance and to poor climatic conditions.

I would respectfully recommend that the Reverend Principal's request receive your favourable consideration.

Ottawa,
December 21, 1943.

Major D.M. MacKay, Indian Commissioner, P.O. Box
70, Vancouver, B.C.

I have your letter of the 13th instant,
with reference to the request of the Principal
of the St. George's Residential School for payment
from New England Company funds.

As you were advised in official letter of
the 15th instant, the Department is concerned
about the financial situation at this school, as
we do not wish any repetition of what happened
under the former Principal. The Principal's
recent letter which you forwarded bears out the
intimation expressed in my letter of the 15th
instant.

At the present time there is an amount
of approximately \$2800.00 in the New England
Company account. The company has not yet paid
the usual quarterly grant for the quarter ended
September 30.

The \$2000.00 requested is being forwarded
to him, but I trust that either Inspector Coleman
or yourself will have an opportunity of discussing
the financial situation at this school with the
Principal at an early date.

R.A. Hoey,
Supt. of Welfare & Training.

Commissioner D.M. MacKay,

Dear Sir:

We have just disposed of Christmas Day, with seventy
ls in bed with the Flu. No nurse, in spite of all our efforts
sure one. We have no Laundress; and last week had to
ally take charge of the laundry work with two or three
o help. At present we have no Engineer. Our man went
h the Flu., and has since had to leave for Vancouver, where
is very seriously ill. I have had to be up at four and
ok in the morning to looking after the heating of this
which at present resembles a hospital. We have no Farm
d so I have had more outside supervising to do. I don't
so much like a one man orchestra. Yet, withal,
ing wondrously well. How long one can stand the
t know, but conditions cannot get much worse, and the
ney will improve.

Reply to your anxious letter of the 21st. inst. I beg

In reference to the drop in the Current surplus during the month of October, I have this to say: I received an order to deliver 25 tons of potatoes to Coqualeetza Hospital. In our Spring planting, provision was made for this; and during the month of September, the Farm Manager assured me that we should have plenty of potatoes to fill the order. When I made out the Financial Statement at the end of September, the Farm Manager assured me I could safely include \$1000.00 for potatoes which would be delivered at Coqualeetza during the month of October. I included that amount, but the \$1000.00 did not materialize. "Counting chickens before they are hatched" you say.

In regard to the salaries being in arrears: I have never been later than the third or fourth day after the end of the month. I used to pay salaries before the end of the month, but so many of the staff held their cheques over, so that I had to carry them as cheques outstanding, I have been issuing the cheques immediately after the end of the month. I did not realize that such procedure meant salaries in arrears. There has been quite a bit of fluctuation in the monthly total salary amounts. I have had considerable difficulty in securing staff workers, who are generally of a unreliable type. They come and stay for a week or so, and leave as soon as they hear of higher wages elsewhere. I have had to raise all salaries twice during the year, and still they are low compared with general rate of salaries, and we are short staffed.

I wish to assure the Department I have tried in every possible way to economize, so that I would not have to ask for an advance on the Quarterly per capita grant allowance. My reason for asking for \$2000.00 was so that I might leave the per capita grant allowance intact. I don't suppose there has ever been a time in the history of the school when the New England Company grant was more urgently needed for the general maintenance of the work.

I feel sure the Department realize that the present financial assistance we receive is quite inadequate to meet the needs of present day demands. The only way I know of to make that financial assistance suffice is to cut down on the food and clothing for pupils, and to put more boys to work instead of hiring extra labour. But we cannot do these things. At least I would rather leave than do them. Fifty cents per day, which we receive as our per capita allowance, seems too small compared with two dollars per day allowed in the hospital; and yet most of these children require a great deal of care, and certainly much more nourishing foods than they now receive. The charts we received from the Department a short time ago, along with the information regarding the diet these children should be receiving.

are all very fine; and I have no doubt required a great deal of time and expense to produce them, but we cannot carry them out as they should be; simply because our per capita grant allowance is not sufficient to enable us to do so. Our school is not unique in this respect. If a survey were made of all the schools, I have no doubt one would find that very few schools come anywhere near to what the pupils should be having in the way of nourishment. Several times staff members have come here from other schools, and I have enquired of them about the way Indian children have been fed at the schools they have left. Our diet is, if anything, ~~is~~ is a little better than the majority of schools, because we have the advantage of tomato juice and fruit. But I would certainly like to see our meals improved.

I assure you, sir, it is not my intention to be disrespectful, but as the Department are inclined to be critical of our financial situation and worried about matters, it is just as well if they hear my views on the subject. I have been in this work for thirty years, and know pretty well what I am talking about.

A careful survey should be made of all the schools. If possible by people who have a thorough and practical knowledge of what is best for the welfare of Residential Schools.

Yours faithfully.

Lytton, B.C.

Dear Sir:

There will not be sufficient funds in the bank at the end of the present month to meet our obligations; being the end of the school term. Will you kindly requisition the Department for an advance of two thousand dollars on the April-June quarterly earnings.

Yours faithfully.

I am enclosing herewith the Financial Statement of St. George's Indian Residential School for the month ended June 30th, 1944, as submitted by the Reverend Chas. F. Hives.

It will be noted that the current surplus as listed by Mr. Hives is incorrect, in that he has omitted to include with the Assets the Cash Book balance as at June 30th.

The form of statement as submitted by Mr. Hives is not considered entirely satisfactory and I would suggest that, subject to your approval, Mr. Hives be requested to submit a statement as per the sample attached hereto.

Dear Sir:

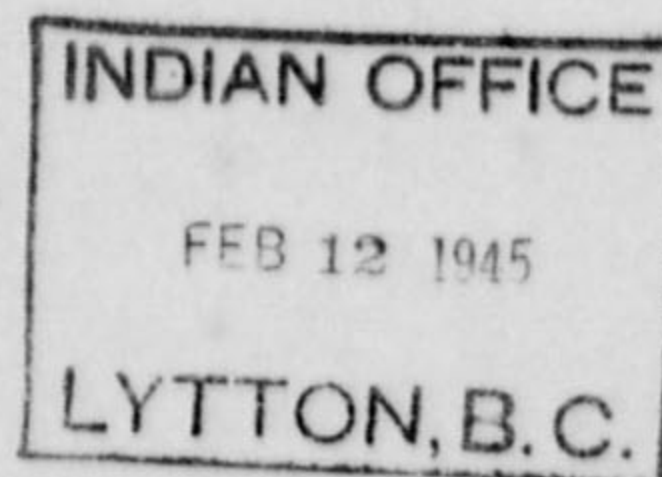

Will you kindly apply to the Department for \$2,000.00 advance on the per capita grant due at the end of the current quarter.

Our fuel expenses have been heavier than usual, and so our funds are not sufficient to pay salaries etc.

Yours faithfully.

Dear Mr. Hives:

With reference to your letter of the 12th instant, an advance of \$2,000.00 on the March quarter of the St. George's Residential School is going forward, under separate cover.

From a review of the last two quarters' returns, I am inclined to feel that a part of your evident financial difficulty is due to lack of pupilage. I presume that you have made every possible effort to bring the pupilage to the authorized number, but evidently you are still considerably below that figure. Is there any agent who might be able to assist you to secure additional pupils? If so, let me know, and we will write to him.

Yours sincerely,

Philip Phelan,

Rev. C. F. Hives,
Principal

Jan. 9, 1945

Lytton, B. C.

Dear Sir:

Referring to the December Financial Statement, you will note that I have great difficulty in making ends meet. This is partly due to the fact that we have had a number of new pupils crowded on us, who have all had to be outfitted etc. And partly because salaries for staff workers are higher. But I find the proper upkeep and maintenance of the institution is a big expense. It is very necessary that the building and the equipment ~~be~~ kept in repair and in order. We have received very little from Department funds for this purpose; and in consequence our per capita grant allowance is far too heavily drawn on.

I would be very much obliged if you would please place this matter before the Department. If there are New England Company funds available at this time, I would be very much obliged if we could have \$2,000.00 for the purpose of replenishing our Household equipment in the school building, and repairing and replacing implements on the farm.

We have worked extremely hard during the last four years. Personally, I have worked harder than I have ever been called upon to work at anytime in my life; but we have held things together, until now, it looks as though there are brighter times ahead. I would very much like to put our equipment in order. During the last few weeks, I have been able to secure three fine young men from the Services. They will stay if I can make life interesting for them. And they will give good service too, and make life interesting to the boys.

I do try in every possible way to take care of funds entrusted to my care; and I wish to assure you that I shall continue to do so.

Yours faithfully.

Dear Mr. Hives:

Mr. Indian Agent Strang has forwarded your Financial Statement for the month ending January 31st, 1946.

You will recall that in December of 1943 the Department showed some concern over the financial situation at your school, at which time the current surplus over a period of three months dropped from \$6775.35 to \$4807.05. A review of your recent Financial Statements for the months September, 1945 to January, 1946, inclusive, indicates that the current surplus has dropped from \$7524.57 to \$4839.43, despite the fact that in January of this year you received a grant of \$2000.00 from the New England Company funds.

In anticipation of an enquiry from the Department in this connection it would be appreciated if you would advise if there is any particular reason for the large decrease in the current surplus.

Yours faithfully,

D. M. Mackay,
Indian Commissioner for B.C.

Dear Major MacKay:

I have just received your letter of the 14th. inst. It was my intention to be in Vancouver to see you today; and started away with the car to go to the station to meet the early train this morning; but during the wind storm last night, a large tree had blocked the road and I had to return.

The financial situation is always giving me concern. Sometimes, I feel so concerned over the matter, I would give a lot if I could decently pull out. But, at this time of the year, expenses are much higher than at other times. The fuel, light, clothes, and shoes are items that demand more expense at this time of the year. And, moreover, there is little or nothing coming in excepting the per capita grant allowance. One thing, I can honestly say, we have no large and old debts; and because we have a good attendance of pupils, there should be a substantial amount of earnings for the current quarter.

I expect to be in Vancouver on Monday to try and settle the matter of our domestic hot water supply, and hope to be able to see you at that time.

Yours faithfully.

I am forwarding herewith the financial statement for St. George's Indian Residential School for the month ending January 31st, 1946, together with a copy of my letter of February 14th to the Principal and his reply of the following date.

I have since had an opportunity to discuss the financial situation of the school with Mr. Hives who was unable to add a great deal more to the information contained in his letter, but is of the opinion that the current surplus will increase considerably during the remaining months of the current academic year.

Dear Mr Hoey:

180
A 2000

This is a personal letter to you to ask you if I may ask for two thousand dollars from the New England funds to meet current expenses. Our expenses during the last six months have been extremely high, and I have had great difficulty in making ends meet.

The following is a true idea of how things have been. Our expenditure during the six months ended March 31st. amounted to \$21,899.92. Our per capita grant allowance amounted to \$16,136.24 for that period. We also received \$300.00 toward the Manual Instructor's salary, and \$2,000.00 from the New England Company funds. The balance we have had to make up ourselves; and during the Wintertime, there is not much coming in from the farm.

I think you know, without my saying, that I have tried in every possible way to take care of funds entrusted to me, as well as keep up a decent standard of living.

Doctor Alderwood was here las week, and seemed to be quite thrilled with what he saw of our life here. And was extremely surprised to know that we had been able to keep ourselves fairly clear of debt. They have an overdraft of over \$200,000.00.

Will you kindly let me know about the grant from New England funds.

Kindest regards and best wishes.
Yours faithfully.

Sept. 16, 1946

Lytton, B. C.

Dear Sir:

Will you kindly ask the Department for an advance on the current quarter's per capita grant earnings to the amount of two thousand dollars.

I regret that I am forced to make this request, but I am experiencing great difficulty in maintaining a proper and normal standard of living, and at the same time keep within the limits of our financial resources or income. The cost of food commodities have advanced considerably; as well as the cost of all manufactured articles, such as clothing, machinery and household wares. Salaries also have had to be increased in order to secure staff workers.

If the amount asked for is to be found in the New England Company funds, I would rather it were taken from that source, and leave the per capita grant intact.

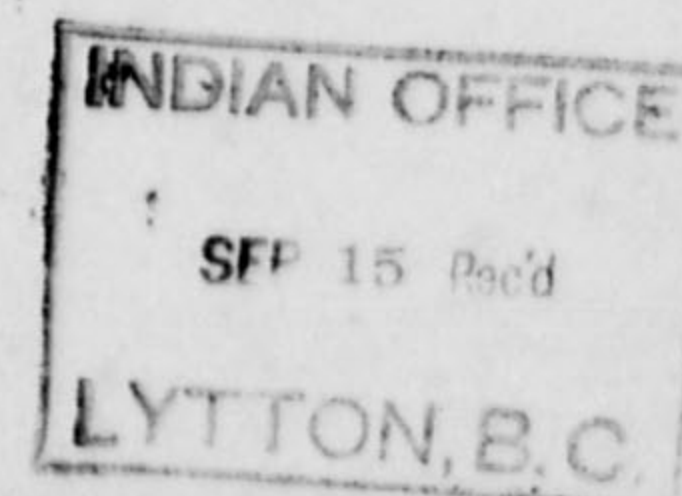

I find the clothing item considerably higher this year; and I have just received a car load of coal, which is also higher than last year.

Yours faithfully.

Chas. F. Hives.

Dear Mr Strang:

Owing to the advanced cost of almost everything required in the administration of this institution, including salaries, I find it extremely difficult to meet our financial obligations. I am trying in every possible way to economize, and to take care of things we have, yet, there are certain necessities such as food, clothing, fuel and light, which we must have, and without which, our administration would very quickly be subject to adverse criticism.

I would be very much obliged if you would place this matter before the Department, asking them if there are funds available in the New England Company grant. We require, to meet our clothing, food and fuel account, the sum of \$2,000.00, as well as an advance on the current per capita allowance of \$2,000.00. in order that I may pay all salaries before the end of the year.

Yours faithfully.

Major D.M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, VANCOUVER, B.C.

I am forwarding herewith financial statement in duplicate submitted by the Reverend Principal of St. George's Indian Residential School. It will be noted that this statement indicates a Cash Book Balance under Receipts which does not agree with the Cash Book Balance as at November 30, 1946.

This matter was drawn to the attention of the Reverend Principal who has now submitted an amended statement for the month of November, same being included herewith.

Dear Colonel Neary:

I am writing you to ask if we have any New England Company funds to our credit. We seem to be always in a state of penury these days. In spite of all the care we try to exercise with things like clothing, shoes, utensils and machinery, they wear out, and need repairing or replenishing. And prices have advanced so in many lines.

At present, we are in need of a conveyance which we use for light delivery, for bringing out bread and such like. We call it the Station wagon. In reality it is a Panel Delivery with seats built in so that we can take care of the transportation of pupils to and from home or hospital. It was bought in 1936. and is not in very good condition; especially for these mountain roads. I would like to replace it this year with another Station Wagon. Next year, I would like to replace the Farm tractor, which is in very poor shape.

If possible, will you kindly send me \$2,000.00 from New England Company funds. I assure you, we need it. and the very best care will be taken of it.

Yours faithfully.

Rev. Canon C. F. Hives

May 6, 1947

Lytton, B. C.

Dear Colonel Neary:

Last evening I had to punish seven small boys for going swimming in the river. The Fraser River is quite unsafe here for swimming purposes, and the boys are absolutely forbidden to bathe in it. So far, since I have been here, we have had no drowning accidents; but the Indian people are extremely nervous of their children playing by the river, and I am anxious to avoid any accidents.

We have no swimming pool, and there is none within fifty miles of us. Years ago a dam was built across a ravine, which was then filled with water from the irrigation ditch. This afforded quite a bit of fun for the girls and boys. But it was a very poorly constructed affair and has broken down and become useless.

Recently I received from the Department a New England Company cheque for the amount of one thousand dollars, for the purpose of buying a much needed Station Wagon, to replace the old one we now have. I have been told that I shall not be able to buy one until the latter part of August. In the meantime, the thousand dollars is in a Special account.

Will you please let me know by wire if I may make immediate use of this thousand dollars for the purpose of buying cement, reinforcement and lumber for the immediate construction of a dam, so that we may have a safe and decent swimming pool for our girls and boys. And in the event of this sanction from you, may we have a similar amount during the month of August for the purpose of buying the Station Wagon.

Yours faithfully.

Dear Mr. Hives:-

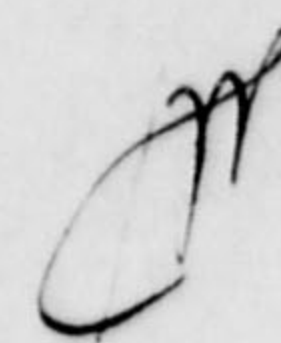

We have your letter of the 6th instant in which you suggest that the \$1,000. forwarded to you for the purchase of a station wagon be used to provide a swimming pool.

While it is realized from your letter that a swimming pool at the St. George's School is desirable, at the same time I regret that we cannot authorize the use of the funds that you have already received for that particular purpose.

The New England Company grant is exhausted at the present time and what is received during the next two or three quarters will be required for urgent repairs suggested by the officer of the Surveys and Engineering Branch who recently visited your school.

Yours sincerely,

Dear Mr Strang:

Will you kindly apply to the Department for an advance cheque on the current quarterly per capita Allowance to the amount of \$3,000.00.

I find that we have many bills to meet for the purchasing of clothing, and equipment, and our present bank balance is not sufficient to meet this expense.

Yours faithfully.

Dear Sir:

The enclosed Monthly Financial Statement, will, I feel sure cause the Department some concern, in anticipation of which, I am writing you, with the request that you will give your best consideration to my letter, and make whatever comments you think best before sending it on to the Department in Vancouver and from there to Ottawa.

Until this present month, I have taken quite a bit of pride in sending to you my Financial Statement, but you will notice, I am sure that the enclosed will reveal the fact that we are slipping financially. And that, unless we can receive special financial help we shall be in debt. As indeed we now are.

During the six and a half years that I have been in charge of St. George's School, I have paid a total of \$10.65 to the bank for overdraft interest. I have always paid my staff before the end of the month, so that their salaries have always been shown on the current month. I have tried not to draw on the Quarterly allowance until the last month of the quarter. Unless we can secure financial help other than the current quarter's allowance, I shall have to do so this month.

Taking into consideration that this is always the most expensive period of the year, on account of fuel, light and lack of farm produce, there are still other reasons why we are having such great difficulty in financing our school business. There are many more demands made on our financial resources these days than were ever made before. Each time a new idea leaves the Ottawa office, new demands are made on our financial resources. Diet sheets, posters, full time classroom hours for all pupils; all these mean more financial commitments. We receive appetizing diet posters, with instructions to explain what balanced diet means. The amount of milk and butter and fish and fruit juices that should be taken so many times a day. They are all very well, and, I have no doubt they are all very necessary in the building up of a strong healthy body. But common-sense should tell us that to comply with all that advice it is absolutely impossible to do it on 70 cents per capita per day, and take care of all

er expenses that come from increased salaries, increased prices on foods, clothing, fuel etc. etc. I have good reasons for saying that it cannot be done.

We read letters and articles in the newspaper about the poor attention Indian pupils are receiving in the Residential schools. Many of these articles and letter are written by well meaning people. But I dont suppose anyone of them realize that in order to treat Indian pupils in residential schools the same way as children of well-to-do parents would be treated in a private residential school, the per capita allowance would have to be doubled twice and more. And I dont suppose for one minute the rate payer would stand for it.

But, I do feel sure that there is a happy medium that could be reached. Owing to the advanced cost of living, the per capita allowance we now receive is not sufficient to meet the necessary expenses which we must incur.

To tide us over until the end of the present quarter, when prices may possibly take a dip down, we should have three thousand dollars exclusive of the current per capita allowance. We must have two thousand dollars in order to pay our debts. If that amount is to be found in the New England Company funds, I shall be exceedingly grateful for it, and it will take a great load off my mind. If it is not to be found in New England Comapny funds, I want you to know that we shall not be able to meet our obligations when they come due.

It has taken some years to bring this school back to a position of respectability and honour in this community and with the business houses. I would like, if at all possible, to retain that position.

Enclosed, you will find attached to the Financial Statement, a comparison of salaries and prices etc. between the years 1941 and 1947. These prices are conservative, and I have ~~no~~ doubt the Department ~~is~~ fully aware of them.

Yours faithfully.

Indian Affairs Branch, Dept. of Mines and Resources,
Ottawa, Ont.

I am forwarding Mr. Indian Agent Strang's letter of February 18th and enclosures referred to therein regarding the financial situation at St. George's Indian Residential School.

You will note that the current surplus during the period December 31st, 1947 to January 31st, 1948, decreased from \$5,068.78 to \$1,180.73 and that the Rev. Principal anticipates a deficit of \$3000 before the end of the present quarter unless increased financial assistance is secured from the New England Company funds or elsewhere.

I have reason to believe the financial difficulties being encountered by St. George's School at this time are not in any way greater than the difficulties being encountered by other residential schools in British Columbia and have no doubt that the Department is being pressed for increased per capita and other grants to meet the deficits. Presumably consideration is being given to methods of meeting residential school financial problems but in the meantime if there are funds available from the New England Company a special grant would be of considerable assistance to St. George's School.

Dear Canon Hives:-

Indian Commissioner Arneil has forwarded to the Department your letter of February 14, 1948, in connection with the financial situation at the St. George's Indian Residential School.

Yesterday we were advised that approval had been given for an increase of \$17% in the per capita allowance of each residential school, effective from October 1st, 1947. In the case of the St. George's Residential School this will mean an extra payment on the December quarter of \$1,736.63. Cheque for this amount will go forward in the near future. In addition, we will forward you a cheque for \$1,000.00 from New England Company funds. You will recall that we forwarded you \$800.00 from the New England Company funds about the end of November last.

Yours sincerely,

Bernard H. Neary

CHIEF TREASURY OFFICER

In my memorandum of June 25th forwarding a cheque for \$753.19, you were advised that these funds should be placed to the credit of Trust Account No. 480, Miss Hardy's pension. We are now in receipt of a letter from the New England Company stating that this particular payment was intended for the St. George's Residential School. We would, therefore, appreciate it if you would transfer the amount in question from Trust Account No. 480 to the St. George's Residential School Trust Account No. 460.

Dear Sir:

Our financial situation is becoming more and more acute. At this time of the year, there seem to be so many expenses and obligation to meet in the way of clothes, fuel and light. Almost everything has trebled in price during the last few years, and we are no longer able to meet our financial obligations with the revenue at present coming to us. In spite of the fact that we do try, as much as possible, from the produce of our land, to help sustain ourselves.

Will you please ask the Department for an advance from the current quarterly per capita grant allowance to the amount of four thousand dollars. I must pay salaries and meet other expenses, but at the present time we have no funds with which to do this.

An early reply will be very much appreciated.

Yours faithfully.

Lytton, B. C.

Dear Major MacKay:

The financial cares of this school are weighing very heavily. I don't know how long I can stand it, but unless some help comes in the near future, I am afraid something will break. I hate to bring myself into the matter, but the doctor tells me that my condition is not good, and I am losing too much sleep, and running too high a blood pressure. I assure you it is not caused from high living.

I know it is terribly difficult for you, but surely the matter of adequate financial support for the proper and decent administration of this and other other schools should be of paramount importance to the Government of Canada.

As far as outward appearances go, people think we are in wonderful shape. We have a lovely school, lovely buildings, fine lot of children and a fairly efficient and fairly well-paid staff. And we are looked upon with not a little envy by the other schools. And yet, those other schools receive far more than we do. They receive all girls' clothing from the W.A., while we have to buy every bit of ours. They receive all boys' clothing, up to twelve years of age. And they receive all bedding for the whole school from W.A.

I don't think it is possible to finance this school on a per capita grant allowance of \$257.00 per annum, paying a decent living wage to the staff, and giving decent meals to the pupils. We have had a long hard Winter. Three months of cold weather, with two days of mild weather. You can imagine how serious has been the matter of fuel expenses. Yet I have received no complaint from any member of my staff concerning cold rooms, and we have had no freeze-ups. Last night, the middle of February, it was below zero. Seven years ago I bought coal for \$1.10 per ton, f.o.b. the mines. For the same coal I have to pay 4.65 f.o.b. the mines, and you know how freight rates have advanced. Everything else has advanced in like proportion. But you know all this, and I am sure you must become weary of hearing it.

I don't want to leave this place, and I feel that I should not pass out at my age. And I would like to feel that this work will continue to prosper, if I should

have to move on.

The hope of a fall in prices for everything we have to buy, seems to have been a matter of wishful thinking. The only thing that I know of that has not advanced during the last seven years is my own salary, which has to remain the same because to increase it would be depriving an Indian child of some of the little it now has.

I do not know if we have anything in New England Company funds; but if there is anything, I would greatly appreciate receiving it right now. But, in any case, I am of the opinion that we must either receive more financial support from the Dominion Government for the proper and decent administration of this and other schools; or that this and other schools should be closed, and the children sent home to be the care and responsibility of their parents.

You will, I know forgive me for writing you this way. I am not able to run into your office and give you the "woiks" as I used to do. But you are our best hope in this time of trouble; and you do know conditions, probably better than any other man who has preceded you in office you now occupy. And I also know, from past associations with you, that you will do your part in alleviating this difficult situation.

With kindest regards and every good wish.

I remain.

Yours faithfully.

At the present time there is a balance of \$1,608.80 in the New England Company account, and I recommend that we send Canon Hives \$1,500.00 of this amount.

The promise of the New England Company was that they would make a payment of £1000 a year towards this school. That amount is approximately \$5,000.00. However, due to restrictions on exporting funds from England at the present time, the amount which we actually receive is slightly over \$3,000.00 a year. During the calendar year 1948, Canon Hives received \$3,000.00 from the New England Company funds.

Dear Canon Hives:

I have for acknowledgment your letter of February 12th, in which you refer to the difficulties you are experiencing in operating the school in a satisfactory way on the per capita grant being paid at the present time.

I may say that the department is examining the auditors' reports on our residential schools as they come to hand. These reports present a fairly accurate picture of the situation and provide information on which representations for revision of rates may be made.

The cost of operating our residential schools is a subject that is constantly under review and it is hoped that, as a result of the information supplied by the auditors, it will be possible to make the adjustments indicated.

At this date, the balance in the New England Company account stands at \$1,608.80. Of this amount the sum of \$1,500.00 is being forwarded and should reach you within the next few days.

I was sorry to note from your letter that you were not feeling up to the mark. I trust that this will find you restored in health and things generally going well with you.

Dear Mr Strang:

Will you please apply to the Department for an advance cheque on the present quarter per capita grant allowance, to the amount of four thousand dollars.

Our current expenses have been very heavy. We have had to burn very much more fuel during the Winter months than ever before. And the price of fuel is three times higher than previous years. Our electric light bill has been running over two hundred dollars a month, and there seems to be no decrease in the price of other commodities.

I am hoping that the Spring may bring some release. Certainly the fuel and light bills will not be so heavy.

Yours faithfully.

Mr. ~~Chalarn~~:

St. George's School - Financial Statements:

These need various changes in order to present a true picture of the institution's standing at the end of any month.

Items are not being charged against the month to which they apply. E.g. Salaries are doubled in January as compared with July. Food for July (!) costs three hundred times as much as for June. There is no apparent consumption of fuel or light in October.

The method of entering deficits and cash book balances, outstanding cheques and accounts payable, per capita grant due rather than "earned", make any month's figures of less than true significance.

There must be some less mystifying analysis possible.

Mar. 21, 1949

Lytton, B. C.

Dear Mr Phelan:

I was very glad indeed to get your letter yesterday, calling for Financial Statements, which I herewith enclose. In spite of the fact that the one ending Feb. 28th.. is not a very encouraging one, I am rather proud of our shewing; for we have had a very very difficult time making ends meet. I don't think there is much reason for me to explain why, for you would get only a repetition of what you have heard from every other quarter. However, we are over the worst of it, I hope, and next quarter should enable us to pick up a little.

But not only are prices for all commodities abnormally high, we also have to try and satisfy the new demands that are being made. I mean, for instance, we get a write-up from Dept. of National Health, every once in awhile, telling us what we are to feed our pupils. We cannot possibly comply with their requests under the present per capita allowance without going into debt. We do our best, and in order to produce the milk required, we have to buy feed for the cows; and you will note that the farm expenses come high. Then there is the matter of classroom. The inspectors come along, and their one idea is academic training. If they had their way about it, the girls and boys would be attending school full time, and because work outside of the classroom makes the pupils tired in the classroom, we should have an army of servants to do the work in the different and various departments. They should know we are not able to afford this, but they don't stop to consider. I try to be as efficient as possible and I believe, from what the inspector says, we have one of the best, if not the best, teaching set-up in the province.

What I am trying to get over to you is that with each demand comes extra expense, and on the top is the abnormal cost of living.

Kindest regards,
Yours sincerely,

Chas. F. Hives
Principal.

Mr. Phillip Phelan,
Chief. Training Division.
Indian Affairs,
Ottawa.

Rev. Canon C. F. Hives
Principal

May 18, 1949

Lytton, B. C.

Dear Mr Phelan:

Enclosed please find March and April Financial Statements. I don't know if we shall gradually evolve from the mire or not, but it is hard, slow work. The future does not loom up very bright, unless some definite policy is made by experts in this particular kind of education and training, and financial assistance given adequate to meet the policy and situation.

I am working harder now than I have ever worked in all the years I have been engaged in this work.

This matter of education and academic training for Indian children requires more than just the ideas of some young educationist. School inspectors come around, and of course, they specialize in classroom education. They want all boys and girls to attend school full time, if at all possible. That is their stand. Alright from their standpoint, and they have every right "sell their goods". But there is the danger of making educated bums of the boys and girls, and if they all go to school all the time, we should engage more servants. We have not the money to do so, and people, these days, are afraid of being benevolent, and require high wages. Today, we have one boy out of the classroom in the morning to help with the work on the farm.

The auditor comes around, and he asks me who does my office work. I tell him, and he says I have no business to be doing office work as well as administering. I could not afford a secretary. Just as soon as I have written this, I shall have to don a pair of dirty old overalls and go either fencing or hoeing.

Things seem to pile up these days, and they don't make a lovely pile either. But, I suppose the only thing is to plug along to the bitter end, which I hope may be, at least, peaceful, when it does come.

Kindest regards.

Yours sincerely.

Dear Canon Hives:

We have your letter of the 18th
instant enclosing your financial statement for
the months of March and April, 1949.

Everyone connected with Indian
Affairs seem to be busy these days, and we note
from your letter that you are no exception to
the rule. If it is not asking too much, we
would appreciate having the financial statement
as soon as possible after the end of each month.

Dear Mr Phelan:

The quarterly cheque has not yet arrived, and I am getting anxious about it, for fear it has gone astray. I have quite a lot of bills to pay, and an overdraft at the bank.

I find, as others no doubt do, that it is almost impossible to make ends meet these days; and I do sincerely hope that a substantial increase in the per capita allowance is soon to be realized.

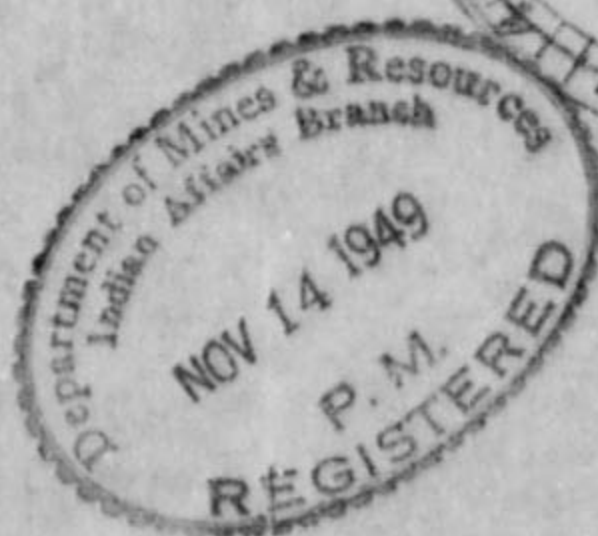

Yours sincerely.

Dear Canon Hives:

We have your letter of the 11th instant regarding payment of the September Quarter Per Capita Allowance for St. George's Indian Residential School.

I am advised by the Treasury Branch that a cheque for \$7,803.74 was mailed to you on November 8th and should have reached you by this time. As you are aware we had previously forwarded you an advance of \$5,000.00 on the September Quarter earnings. We are still hopeful that there will be some increase in per capita grants and we expect to write you in this regard within the next two or three weeks.

Yours sincerely,

Philip Phelan,

Dear Mr Phelan:

Many thanks for your letter of the 16th., and for the hopeful news that we can expect an increase in the Grant Allowance in the near future; also I hope a retroactive cheque.

At the present time we are cut off from the rest of the world. So the radio says, and also the fact that we cannot get anywhere by road or rail, on account of land slides and washed-out bridges. We have not suffered, excepting that when the builders provided rain disposal for the roofs of our building, they did not figure on the torrential rains of last Saturday, when we were baling water out of the basement during the best part of the night.

Will you kindly send an advance cheque on the current Quarter to the amount of \$5,000.00. I must pay salaries, and I must try and keep ahead of some of the debts. It is a worrying business, but your letter again revived some hopes of better things ahead.

OK
5000 on Dec 9

Yours faithfully.

Dear Mr Phelan:

Enclosed herewith, please find Financial Statements of the months May to November inclusive.

I am still hoping that better days are ahead of us. It has been a very worrying time keeping things at a fairly even keel, and you will notice that our financial obligations are quite heavy at the end of November. In future the Financial Statement will be on time each month, as I have, since receiving your letter with the good news of an increase in the Allowance, engaged a secretary. Since I have been here, I have done all the office work myself, and tried also to give as much of my time as possible to the farm activities. Had it not been for our farm produce, both in regard to what we consume and what we have been able to ~~store~~ dispose of, we would have been in poor shape.

Comparing salaries of today with those of 1942, you will notice that I have had to increase them. All have been increased considerably, my own excepted. It has remained the same throughout.

I am still waiting patiently or otherwise for that promised large cheque.

Thanks very much for your kindly wishes. Please accept the same from me to you and yours. At present we are really snowed under four feet of snow, and the going is pretty tough.

Yours faithfully:

Dear Canon Hives:

We have your letter of the 3rd instant enclosing Financial Statements for the St. George's Residential School for the months of May to November inclusive.

We are assured by the Treasury Branch that a cheque for \$3,843.42, representing the adjustments in connection with the increased per capita from April 1st, 1948, to September 30th, 1949, is going forward, and I hope it has been received by this time.

Dear Mr. Phelan:

Thanks for your letter of the 13th. inst. We received the cheque on that day also; so I felt that Friday the 13th. was not a day to be despised. I assure you it was a most welcome help, and I would like to say how much I appreciate it. I have no doubt you had your share in bringing about the small increase. You and I have been in this business a long time. In fact, we might almost be classed as "old-timers!" I think, therefore, you will know that an appreciation from me is something real and sincere.

We are having quite a terrible time of it right now, for we have over five feet of snow, and it looks like more to follow. I hope there will not be very much more, for we are having a very difficult time getting out of this hole, and bringing in provisions and fuel. Even the very dim recollections you may have of this place will give you a picture of what we are having to go through down in this hole with all this snow. At present, I am a little worried about six or seven children who started from Hazelton two day ago on the C.N.R. I don't know when they will arrive, for trains are all at a stand-still in B.C. Hazelton is a long way off. I mean, it takes a long time to make the trip, and it is quite expensive. If they go by way of Prince Rupert, it takes about four days; and the way by C.N.R. is almost three days. We do need a residential school in that vicinity in the worst way.

Kindest regards,

Yours sincerely,

Chas. F. Hives

Indian Affairs Branch

Ottawa, March 16th, 1950.

TO: Principals of
Indian Residential Schools

Quarterly Return
Quarter Ending March 31st, 1950.

It has been impressed on the Principals of Residential Schools that the quarterly return should be prepared at the end of each quarter and forwarded promptly to the Department through the office of your Superintendent.

However, many Principals evidently delay preparation of the return, as many of the returns do not reach the Indian Affairs Branch until 4 or 5 weeks following the end of the quarter, and in several instances, the Branch has found it necessary to write Principals regarding a delayed return.

In future, we expect that each and every Principal will forward the quarterly return immediately following the close of the quarter.

This year we are particularly anxious to have the March quarter return reach us promptly, and therefore, we will expect this return to reach Ottawa not later than April 15th, 1950.

Dear Mr Phelan:

Our dormitories are badly in need of replenishment of bedding. I had hoped that this would have been attended to before, but we have never had the funds. And although a kind of a half-promise has been made several times, by the Department, to try and procure some for us from War Assets, we have, so far never received any.

I would also like to see something done to improve conditions in staff rooms.

Will you kindly see if there is a thousand dollars available in the New England Company funds which could be used for the purpose mentioned above.

Yours faithfully.

October 20th 1950.

Mr. Philip Phelan,
Chief, Education Division,
Ottawa, Ont.

Dear Sir,

Before Canon Hives left here on his trip to England, he informed me that he would be stopping at Ottawa on the way, and would ask the Department to send a cheque to the Bank for \$5,000.00 on the current quarter to meet expenses and pay salaries.

Although I had not heard from the Bank that a cheque had been received, I paid the September salaries and also, on October 15th, the bills which Canon Hives requested me to pay, but yesterday the Bank informed me that the school has now an overdraft of \$5,076.05.

In the recent Financial Statement sent to the Department ending September 30th, the per capita grant due was \$8,770.00

The Bank has asked that no further cheques be issued until they receive a cheque from the Department, and as I shall soon have to issue the salary cheques again, would you kindly send a cheque to the Bank at Ashcroft to straighten this matter out.

Yours faithfully,

R. P. Purvis

Acting Principal.

Dear Sirs,

We have instructed our Bankers to transmit to you the sum of £312.10/- for St. George's School, Lytton. This represents the normal grant of £750 plus an extraordinary grant of £250 which the Company wish to be devoted towards the cost of a new truck which they understand is urgently required by the School. X Canon Hives, the Principal of the School, visited England this Autumn, and the Company understood from him that his existing truck was worn out and that help was urgently needed to enable a new one to be secured. X Owing to Exchange limitations, the Company are unable to provide this extraordinary grant.

Yours sincerely,

Dear Mr Phelan:

I have just recently received a letter from Sir Arthur Cochrane, Governor of New England Company, in which he tells me that he has made arrangements with their bank to send over the sum of eight hundred and twelve pounds ten shilling. That amount with what is already there will almost pay for the truck I have arranged to purchase. Our old truck has gone to pieces so badly, it is now but a bill of expense keeping it running. And it is so important our having a truck. The one I have arranged to buy is an International, and a good size. The cost is a little over three thousand dollars, complete with body and other equipment.

I would be very much obliged if you would send to me all we can have from the New England Company fund, so that I may pay for the truck as soon as it is delivered. I will send to you the receipted bill for the truck, or at least a copy of same.

Yours faithfully.

Dear Mr Phelan:

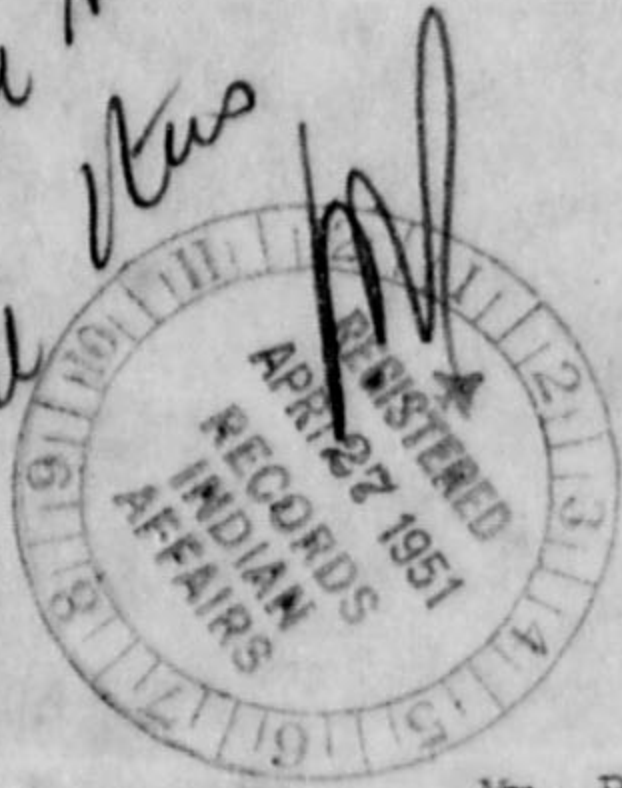

The enclosed Monthly Financial Statement is the most unsatisfactory one I have sent in during the last ten long years. I have tried in every way to keep above the thin red line, but the steady climb of prices is too much for the slim revenue we receive. On account of our water failure of last year, our crops were likewise a failure. I am hoping that the situation on that respect will be improved this year.

Re: St. George's Indian

The following is a statement of the assets and liabilities at the above school as at March 31st, 1951, as shown by financial statement received from the Principal:

	Dr.	Cr.
Bank Balance, less O/S Cheques	\$ 363.05	\$
Per Capita Grant Due		2,040.00
Accounts Receivable: MT		100.00
Farm & Garden HS		300.00

	\$6,073.59	\$2,440.00
Deficit March 31st, 1951.....		<u>\$3,633.59</u>

While Canon Hives shows the amount of per capita grant due on the March Quarter as \$2,040.00, the actual amount was \$2,742.00. This would reduce the above deficit by \$702.00.

Even with the additional amount just stated, it means that the school starts the June Quarter with a deficit of

Lytton, B. C.

Dear Mr Phelan:

Will you please let me know if we have sufficient money in the fund which New England Company has sent over, to replace our School car. I received a letter from Sir Arthur Cochrane last week, in which he said New England Company were increasing the amount of their donation to us from 750 pounds to 1125 pounds. The school car has come to the stage where it will now be a bill of expense. As you are well aware, this part of the country, with its wicked mountain roads is not only very hard on a car, but, unless a car is in first rate shape, driving becomes hazardous. A short time ago, I was driving to Lilloet on important school business, and one of the front wheels came off. Luckily it was on the side furthest away from the four or five hundred foot drop, and so I just ran into the bank. Also, I was by myself at the time.

I would require \$1500.00 to make the replacement on a Chevrolet car, and I would like to have it during the month of July.

I would be very much obliged if you would let me know as soon as possible if this amount would be available at that time.

Yours faithfully.

Chas. F. Hives

Dear Canon Hives:

With reference to your letter of the 7th instant, we have recently received from the New England Company, an amount of \$834.60. This represents a payment of £281.5 converted at 2.965.

In addition, there is \$431.61 remaining in the account from last year.

I am requesting the Treasury to forward you a cheque for \$1,200.00

Will you kindly send to St. George's School account in Bank of Montreal, Ashcroft, B.C., an advance cheque on the current quarter per capita grant allowance, to the amount of six thousand dollars, (\$6,000.00)

I am sorry this has to be done, but under the present financial embarrassment, on account of the continued advance in the cost of food stuffs and articles of living, our financial situation is, to say the least, difficult and burdensome.

And early response would greatly oblige.

sent you in regard to the insurance on St. George's

Sir,

I beg to enclose a photograph of St. George's Industrial School's new barn, taken November 24th, showing the progress made with the building. It is now completely closed in with the exception of windows and doors, and the foundation of the silo is being laid today.

The weather conditions have been exceptionally kind to the contractor, and there should be nothing now to prevent him from completing the building in good time.

Dear Sir:-

We acknowledge receipt of your letter containing instructions for wiring The St Georges School at Lytton, B.C.

Re Generating Equipment-

We note you wish to use the gas engine installed at the Laundry, as it will require a 3 Kilowatt generator for this installation which will require the full 6 H.P. of this engine to drive it. This leaves no margin for use in the Laundry and makes it impossible to operate both together.

This being the case it will be necessary to run the engine after the Laundry work is done and well into the night to supply necessary lighting and charge up the batteries, also changing belts every time, and will not be automatic in operation, this last is important in an isolated plant where there is not expert operators. It will also be necessary to enlarge the Building for generator and storage batteries and which will have to be practically Frost proof. This building will cost approximately between two and three hundred dollars. In view of these facts the writer is of the opinion that an Independent Generating Set might be considered, I have ~~del-~~

R

Sir,—

On inspecting the new barn at St. George's School this morning, I noticed that there are supposed to be braces every eight feet from the floor to the plate. Now these will take away a lot of space from the loft, besides the weight of the hay will come onto them and thus throw the weight onto the sill to which these are attached. Would it not be possible to leave these out altogether, as the way the roof is braced now, there can be no movement whatever? These braces will no doubt take up a lot of space in the barn besides making it very inconvenient to work along the edge.

I also notice that the gable ends have no bracing to prevent them bulging. At the end that the hay is taken in at, hay will bump it and will certainly make it bulge, and the far end when filling the barn, hay will roll against this gable, and will certainly make it bulge without strengthening timbers right across both gable ends.

There was no door allowed in the event of requiring to take any hay out of the loft. There is only one high door at which hay is taken by the derrick fork, so I have had a door put in underneath this one at the floor level.

Everything is going very satisfactorily, and if the steel stanchions, etc., turn up in time, I hope we will be able to occupy it by Christmas.

I have the honor to be,

Sir,

Your obedient servant,

H. Graham

Dear Mr. Graham:-

Re the dairy house for the new barn:-
This building will entail a cost of \$200.00 to build
and that of a very temporary nature.

As the Architect disallowed it, and
mentioned asking for a grant to build same I wish you
would make application for above sum so that we can get
same for use when the barn is complete.

Yours very sincerely,

Sir,—

When you visited St. George's School and discussed the new barn with us, you instructed Mr. Lett to write in regard to putting up a temporary dairy, and milk house. You told Mr. Lett to make an application for a small sum to build this.

I am now enclosing a copy of a letter sent me by Mr. Lett asking for \$200.00 towards this. We can build a good temporary one, 16' x 18', and will be much obliged if you will use your influence to obtain this for us.

On receipt of this letter, if you can obtain this will you wire me whether consent is given or not, because the winter may be on us anytime, and we would certainly like to get this built and have it ready by the time the barn is completed, and before the very cold weather starts.

Yours obediently,

Ottawa, Dec. 5, 1923.

Memorandum: *Approved* Mr. Scott.

In connection with the new barn that is being built for the St. George's Indian School at Lytton it will be necessary to provide water at the barn. In erecting this barn the Indian Agent took into consideration the possibility of building a new school in the near future, and the barn is located at a point where there is an ideal site for the building of a new school. This location is approximately a half mile from the old school building.

One of the big difficulties at the present school building is the water supply, and in choosing the new site care was taken to see that a good supply of water could be obtained. At a distance of 2400 feet behind the barn and at an elevation of approximately 175 feet there is an excellent spring, which has been running for many years both winter and summer. This spring will provide all the water that is required for the farm and school on a gravity system. When the new school is built it will be necessary to build a small tank at the source of supply, but for the present I am of the opinion that all that is necessary is to clean out the spring and place a large barrel in same to supply water to the barn. It will be necessary to run a four inch pipe from the spring to the barn, a distance of 2400 feet. This pipe will be large enough to be used later if a new school is built to supply it with water.

1900.00 The cost of this work will be approximately \$900.00 and I beg to recommend that the contractor for the barn be authorized to proceed with the installation on a proven cost plus ten percent basis. The new barn is nearing completion and the water supply system should be installed as soon as possible before the ground freezes too hard.

Memorandum:

ACL
Mr. Scott.

When I was at Lytton School the Reverend Principal and the Indian Agent pointed out to me the necessity of providing immediately a small dairy building for use in connection with the barn now being erected.

I advised them that it would be impossible for the Department this year to erect any further buildings, but I explained to the Reverend Principal that if he was willing to perform the necessary labour the Department might consider allowing for the materials required. I asked him to let me have an estimate of the cost of the materials. I have today received a letter from the Indian Agent in which he states that all of the materials required will cost approximately \$200.00. This will provide for a building 16 x 18 feet and will meet their requirements. The principal will, of course, supply all the labour required in the erection of the building.

As it is necessary that they have this building to carry on their work I beg to recommend that the Indian Agent be authorized to purchase the necessary materials.

Sir,—

We have been waiting patiently to hear from you since you left, in regard to the installing of the water system for the new barn at St. George's School.

I wrote you so that you would get the letter on your return to Ottawa, about December 1st, but have had no reply.

I now beg to confirm the following night-lettergram just sent you.

"Kindly advise me what arrangements have been made
"about putting in water to the new barn at St. George's
"School. Frost will soon make it difficult to dig
"trench, and it is essential to have water at the
"barn, Wire instructions."

As you can realize if this trench is not dug before the frost gets in too deep, it will cost considerably more. The barn should be ready for use by the new year, and it is very essential that there should be water laid on for the use of the stock.

I trust that you have wired me before you receive this.

Yours truly,

Dear Sir:-

I beg to confirm telegram sent you as follows:

"Can you undertake wiring Lytton School on cost plus ten percent basis wire me Vancouver Hotel".

and your reply:

"Will take job at Lytton on terms stated",
and my wire to you,

"Proceed to Lytton School and consult with Indian Agent Graham re wiring Lytton School" Letter following addressed to Lytton care of Graham".

It is proposed to wire the school in an exposed conduit system of wiring, and supplying only the lights absolutely necessary to light the building. All of the lights to be installed to be operated by drop-lights and no switches. There is at present located in the laundry gasoline engine which it is proposed to use for operating the dynamo. This dynamo should be 110 volt and capable of supplying current to 75% of all lights installed. It will also be necessary to install a storage battery 56 cells capable of supplying light to 75% of the lights for 8 hours with generator not running, the battery to be as manufactured by the Hart Battery Manufacturing Company. There also will be required the regular switch-board. You will notice that a portion of this building is already wired for electric lights, this wiring, however, was installed some time ago and I do not think is in a safe condition - new conduit wiring should therefore be run through the building.

Sir,—

I beg to report that the new barn for St. George's Indian Industrial School has been completed and the contractor is at the present moment laying the water line. This work was delayed owing to the freeze up which we have lately experienced.

Mr. Orr, the contractor, advises me that you have not advised him about certain things, such as the cement managers, the window shield, which you promised to do from Ottawa, as soon as you got back there.

Mr. Lett and myself have examined the barn carefully and everything, as far as we can see has been completed according to the specifications, and is quite satisfactory.

I will be obliged if you will advise me if the Department intend carrying insurance upon this building, as it is most essential that a building of this value should have some fire protection.

Sir,—

I herewith beg to enclose a letter from the Rev. Mr. Lett, principal of St. George's Indian Industrial School, which will speak for itself.

I trust that the Department will be able to put an appropriation through for the purchase of a truck, which is a very essential article for the school. The distances that work has to be carried out make it almost impossible with horses, and a manure spreader is another thing that is very essential for good farming especially in an irrigated country.

Mr. H. Graham,

Lytton, B. C.

Dear Mr. Graham:-

Just a line to remind you to notify the Dept. of our farm needs. The truck which I applied for last Autumn, we hope to receive ere the hauling begins next fall. As you know we are in good shape for a bumper production this year and a truck would greatly aid transportation. The manure spreader asked for is highly necessary especially so for this irrigated land as the machine pulverizes or breaks it up so that no straw is apt to gather in the ditches, and so block up the small streams which run over the land.

I asked for a span of horses, but with a colt ready to break, we can, I hope, fit out a light team, which will be able to be used for lighter work, cross harrowing, mowing, raking, &c., and make the heavier team unnecessary for the time being, if we can get the truck.

It is my desire herewith to thank the Department for so liberally coming to our assistance this past year in building us a barn which is now the greatest asset we are in possession of, and also the lights in the school which take away the jeopardy of coal oil lamps, and give such a brilliant light in comparison. We are truly grateful for these needed acquisitions.

Again thanking you and hoping you will see fit to endorse the above needs asked for.

Yours very sincerely,

A. H. Lett.

ARCHITECT.

I regret to have to report the very great inconvenience at St. George's Indian Industrial School, this winter, owing to the lack of domestic water. This matter, I think, will be dealt with, in Mr. School Inspector Cairn's report.

Some two and a half years ago, we put in a wooden pipe for domestic water to the spring from which the supply was obtained. This worked very well, until last summer when, owing to the very dry summer the spring dried up, practically altogether, and during the summer the school was relying upon irrigation water. In the fall the spring supplied just about sufficient water, but as soon as the very cold weather came, everything froze up, and for the last month the school has practically been without water, except for odd days. At one time there was none at all and every atom of water used in the school had to be hauled a considerable distance in barrels. The staff has worked practically day and night trying to thaw out and get what little water they can down.

At the present time there is an outbreak of measles in the school, and when I was there yesterday, they had no water for toilets or other purposes. During the remainder of this winter they will just have to carry on as they are doing to-day, and in the spring try to collect every spring available and live in hope that the original spring may come back to its own after the spring freshets, otherwise some other source of water supply will have to be found for the coming winter.

MR. SCOTT.

Rev. Mr. Lett, of the Lytton Indian Residential School, has urged again that the Department provide him with a truck for the use of the institution. Although this institution has special need for such equipment because of the distance of their main farm from the school, I hesitate to make a recommendation. I should be pleased to know your wishes.

I have your No. 1-06 of the 25th ultimo, enclosing a copy of a letter from the Reverend Principal of the Lytton Indian Residential School, in which the Department is requested to arrange for the purchase of a truck.

In reply I wish to state that the Deputy Superintendent General has directed that favourable consideration be given to this request, and he has suggested that a Ford truck or other light machine might be suitable for the hilly country at Lytton. Please give this matter further consideration, and recommend to the Department whether or not a light truck would be adequate for the purpose.

Sir,—

I herewith beg to enclose the 4th certificate in favor of William M. Orr, contractor for the barn at St. George's Indian Industrial School, which has been completed and is now in use.

I have already reported to you making an inspection of this barn with Mr. School Inspector Cairns and the principal, and everything was found quite satisfactory.

You will notice that there is a second lot of extras, amounting to \$467.06. A separate account for these is attached. You authorized certain of these yourself when here, which authority you promised to send back to me in writing when you returned to Ottawa, but which has not arrived yet, although I wrote sometime ago for this, viz:— the high cement mangers, the extra iron posts and single stalls for horses, extra light switches and twenty-six galvanized window shields. The loft door I authorized, and advised you about at the time, as there was no means of getting hay out of the loft at any time that it might be required. The extra strengthening of the gable ends, and putting the silo down to the depth of the cellar, were both authorized by departmental letters.

I am enclosing three photographs of the completed barn, which I thought might be of interest to you.

I am also enclosing a written agreement signed by Mr. Orr, in which he is to be responsible for keeping the barn in entire repair for one year, as called for by the specifications.

Trusting that you will find everything in order,

Sir,—

I have departmental letter dated February 1st, in reply to mine of the 25th ult., when I reported the unsatisfactory condition of the domestic water supply at St. George's Industrial School.

I might say that my reason for reporting this was in the event of something having to be done at a later date, the Department would then be conversant with the conditions.

I have talked the matter over with the principal, and although there is no shortage of water at the present time, owing to the thaw we have lately experienced, yet we have no assurance that the spring that originally supplied this school, and which dried up like many others in the district, last summer, will ever come back. We will connect up every available source of supply in the hope that these may continue to run next winter. During the summer we are able to turn in the irrigation ditch, which of course gives us an ample supply, but of very inferior dirty water.

If the springs do not come back to normal, the only solution that we can see will be the installation of a pump system, which will be quite expensive, owing to the distance that the water will have to be pumped.

Sir,—

I have departmental letter dated February 7th, advising me that the Deputy Superintendent General has directed that a favorable consideration be given towards supplying the Lytton Indian Industrial School a suitable truck, and he suggests that a Ford truck be supplied, if it be adequate.

In reply I beg to state that I have shown this letter to the principal and am now enclosing a letter from him on the subject.

I might also add that I have had considerable experience in what trucks can do in this district. There have been Ford trucks used here and everyone of them has been discarded or turned in for heavier trucks, as they found they were not at all suitable, they had not the power and only being one ton capacity, they become really far more expensive to operate than a larger truck of greater power and larger capacity. With the hills that we have to negotiate here I feel sure that a Ford truck would be too expensive and too much time would be wasted in hauling such a small load for the distance that we have to travel.

For instance, this coming season, if all goes well, we hope to have a large quantity of hay to sell from Lot 47, which is $6\frac{1}{2}$ miles from town, with a $3\frac{1}{2}$ mile hill to traverse, so unless we had a large truck, it would be very slow work hauling out with a one ton truck. Then again there is the heavy hauling of firewood, which could hardly be done with a light truck.

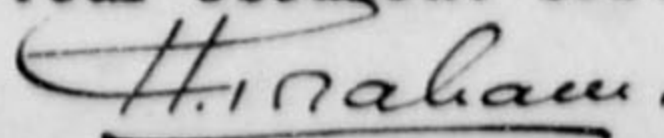

Thanking the Department for their kind consideration of this matter, and trusting that they will favorably consider a heavier and stronger make than a Ford,

Assist. Deputy & Secretary,
Department of Indian Affairs,

Dear Mr. Graham:-

Re Purchase of Truck.

You indeed brought us good news when you conveyed to us the word that the Department had allowed you a grant with which to purchase a truck for the school.

A truck will be of untold advantage to us, in time and energy. While we appreciate all the Department has lately done for us and feel that no suggestion on our part should be made on what kind of a truck we should have, yet may we be allowed to say, that owing to the nature of these mountain roads, a Ford truck would not be the most economical with so much heavy up-hill work. It would not stand up under the strain. I would suggest that a heavier truck should be given us which would be capable of handling greater tonnage per trip, as hauling from Lot 47 will be our greatest portage a round trip of ten miles and more.

The men who had the experience of using Ford trucks have found that in two years they were obliged to change them, and replace them with either International or Federal trucks.

I trust that these few suggestions will not be amiss and that the Department will not think that I am being in any way forward.

Thanking you and the Department for your kind attention to this matter.

Dear Mr. Graham:-

I have to make application to the Department for some sort of an office desk which I can keep locked.

With no way of isolation owing to building conditions, I cannot keep members of the staff out and the result is that my office equipment is borrowed at will. The situation is becoming a chronic nuisance.

On the other hand, with no place to keep books and papers of importance, one or two members of the staff have taken the opportunity from a busybody standpoint to go through books and papers, and consequently the business of the school has been circulated from a non-official source.

I would be obliged if you would endorse this and ask the Department to provide me, if possible, with a roll-top desk, with drawers on both sides in which I can keep school account books and other notes and letters of importance.

I am,

I herewith beg to enclose a letter from the principal of St. George's School, in which he makes a request for a roll-top desk.

I would strongly recommend that this be for purchased for him, as Mr. Lett mentioned in his letter, owing to the crowded state of the school his private residence has to be used for the staff, with the result his office is made to free use of.

I have often commented to Mr. Lett on this and the only solution we can see, is to give him some means of locking up his books and papers.

I think perhaps we could get a second hand desk, from some of the secondhand stores, fairly cheaply.

Sir,—

I herewith beg to enclose vouchers Nos. 420 I, 421 I and 422 I, amounting to \$336.49, and \$244.42, in favor of Wm. M. Orr, and \$1054.28 in favor of the Pacific Coast Pipe Company, in connection with the expenses incurred in building the waterworks for the new barn at St. George's Industrial School.

J.
You will notice from the pay-lists, that Mr. Wm. M. Orr, contractor, has entered himself up on the pay-lists as working full time with the men, as supervisor or foreman. I do not know whether it is customary for a contractor, who is working on a 10% basis, to put himself down full time as overseer as well or not. Mr. Orr did work a little in helping to lay the pipe, but the rest of the time merely acted as foreman.

Trusting enclosed vouchers will be found order,

I have the honor to be,
Sir,
Your obedient servant,

Dear Sir,

Mr Mathews, the Governor of the Company, desires me to thank you for your letter of January 4th, and to inform you that it is considered by the Company desirable that the buildings at St George's School, Lytton, should be insured. Instructions have therefore been given to the agent who effected the previous insurance to see that the buildings are kept covered. The Company would be most grateful if you would kindly let them know what in your opinion is the sum for which the buildings should be insured at the present time. The original cost is unfortunately no guide in these days, as to the amount which would be required to replace them.

Thanking you in anticipation,

I am, dear Sir,

Yours faithfully,

Memorandum: Mr. Paget.

With reference to the account hereunder for a Delco generating plant for the St. George's Industrial School, I beg to say that this plant was bought and is being installed by Mr. C. L. Wain of Kamloops, on a proven cost plus ten per cent basis. As far as the materials are concerned we are paying this account direct. This was authorized by Mr. Scott on the recommendation of the Minister's office, and I gave instructions regarding the installation when I visited the St. George's School last fall.

You will observe by my telegram of December 5th, hereunder, that when authorizing the installation of the generating outfit, I requested Mr. Wain to obtain competitive prices and purchase to the best advantage. I did not consider that this matter would come under the regulations of the Purchasing Committee.

all purchases are subject to regulations which seem quite clear
If Mr. Wain is approved by the Dept. of Indian Affairs, it will be paid for by the Dept. of Indian Affairs

Sir,—

Having reference to your letter of February 21st, re extras amounting to \$791.30 added to the new barn recently built at St. George's Industrial School, when Mr. Gurney Orr was here and discussed, with the Principal, Mr. Orr, the contractor and myself, the building of this new barn, he wrote a letter to the contractor and gave me a copy of same, in which these extras were authorized.

He told me at the time just to enter these up under item "Extras".

I am enclosing a copy of Mr. Gurney Orr's letter, which I trust explains the matter.

I have the honor to be,
Sir,
Your obedient servant,

Dear Sir:

On January 3rd, 1924, we supplied a
model 320 Delco-Light plant to the St. George's Indian School,
Lytton, B. C.

Your contractor in charge of this
work, Mr. C. L. Wain, Kamloops, B. C., advised us at that
time that this matter would receive prompt attention from
your department. He advised us that you would settle direct
with this Company and that remittance would in all probability
be placed in the mail within thirty days from date of delivery.

Two months have now passed and we would
be interested as to the probable date of your settlement.

Yours very truly,

TO DATE OF THIS LETTER

Sir,—

I herewith beg to enclose voucher No. 447 I, in favor of myself.

In regard to this purchase, I beg to state that by departmental letter number 165-0-5 dated February 20th, the Department advised me to ascertain what a suitable secondhand desk could be obtained for, and the matter would be given consideration.

I got quotations and one man, a Mr. McCuaig wrote me that he could get me an excellent desk for \$36.00, but as it had to be purchased right away he could not guarantee to have it kept for me.

As none of the other quotations came within double the price of this one, besides not being as suitable a desk, I took it upon myself to purchase this one, and paid for it.

The desk has arrived and is in excellent condition, practically as good as new, and is similar to ones they are asking over \$100.00 for.

Trusting that the Department approves of my action in this matter, as it was too good a chance to lose,

I have the honor to be,
Sir,
Your obedient servant,

Sir:-

In reply to your letter of the 8th inst re Delco Lighting Plant supplied to the St Georges School Lytton, B.C, we advise you as follows.

On receipt of your telegram of Dec 5th I wrote to the Canadian Westinghouse Co, Candain General Electric,

And

Bruce Robinson Electric Co
Canadian Fairbanks Morse Co, for quotations on a 3 to 5 K.W,

Can Westing
110 volt Generating Set direct connected to Gasoline or Kerosene Engine, quotations to be F.O.B, Lytton C.N.R, and to state time of delivery, Replies were received from Can, Fairbanks Morse, stating they had nothing of that size and could not quote,

Can Westinghouse Co, Advising they had nothing of that size listed at Vancouver but would quote from head office in about 10 days, nothing further received to date,

Canadian Allis Chalmers for C.G.E, Co. Quoteing on a 5 K.W, set water cooled complete with 160 amp hour Battery

Or as an alternative we can supply a 5 K.W, English Crude
Oil Engine & Generator mounted on one base but belt driven,
complete with 160 amp hour battery F.O.B,Lytton \$2,190.00

Delivery 2 weeks from receipt of order,

In considering the relative merits of the figures obtained
it was advisable to keep before us the following points,

Reliability.

Simplicity of Operation,

Type of help available for operation,

Ease of obtaining Spare parts in case of break down,

Delivery if to be used this winter.

The Allis Chalmers Set requiring 6 weeks at factory and
2 to 3 weeks in transportation could ^{not} arrive until about
the end of February, also this set was not self starting,
Spare parts would have to come from Milwaukee, so we set it
aside for something that could be obtained quicker,

The English Crude oil Engine, quotation appears favourable
as to price, This engine has no positive ignition & is fired
by the hot tube system and requires to be heated up before
starting, is not self starting, requiring compressed air to
start with, and requires somewhat expert operator to run
it, The writer has had considerable experience with this
type of engine on Irrigation Plants and fully realizing
the difficulty of operation and cost of upkeep

thought it would not be suitable for the St Georges School. and therefore selected the 3 K.W. Delco Set because it would fullfil all the requirements that was necessary , This Plant was obtained and we had light in the residence part of school on the 5th of January, and put the ballance on as fast as they was installed. It is now operating on all lights and is giving good satisfaction both in the building and outside ,

The operation of this plant is very economical in operation using 5 galls of gas or kerosene for 2 days which is about one quarter the amount used for lamps.

This installation is now complete in every respect and the final vouchers will be submitted in a few days,

Yours very truly

Dear Mr. Bush:

I have your letter of the 14th ultimo and in reply I have to inform you that \$55,000 is a rough *approximate* valuation of the buildings at the Lytton Indian Residential School. Replacement costs would be about \$75,000, but to build a modern institution and outbuildings would require an expenditure of at least \$125,000.

I have valued the present buildings at \$55,000; but you should know that the chapel, worth approximately \$18,000, and the new \$10,000 barn, which the Department has lately erected, are the only structures on the property which are in good condition.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Ottawa, March 27, 1924.

Sir:

I have to refer further to your No. 1-06 of the 13th ultimo, relative to a truck for the Lytton Indian Residential School. The Department has made some enquiries and it is found that an International truck is too expensive and authority cannot be given for this type of equipment. If a smaller truck would be satisfactory for the use of the school, please send me a night letter intimating the exact type required.

Your obedient servant,

Dear Sir:-

During my visit at Lytton investigating the conditions at St. Bartholomew's Hospital as requested by you, I took the opportunity of visiting St. George's School and seeing how the new electrical installation is working.

The Principal informs me that it is giving every satisfaction, and it is a great relief to them to be over the constant fear of fire.

I also inspected the new barn, which seems in every way satisfactory, and with which the Principal seems also to be very pleased.

Yours truly,

With reference to your account of \$570.00 for labour as shown for installing the electric lighting plant at the St. George's Indian School at Lytton, I would ask you to please advise me if all of the work, as stated in your account, was performed by yourself or if assistance was employed.

I may say that it is not customary to allow ten per cent in addition to wages paid direct to the contractor,

Sir,—

I have departmental letter dated March 27th, in which you state that on making enquiries as to the price of an International truck, the Department finds it too expensive, and ask me for a recommendation on a smaller truck.

I have talked this matter over with the principal and he states that with the long and heavy hauls that he would have, it is really useless to buy a light truck. He considers that a two ton truck is really the lightest for the work and for economy's sake. The lighter truck would use practically as much gasoline and labor in operating it, as the heavier, and the difference in price of the heavier truck would be offset in a very short time.

The principal further advises me that now that he has not been able to have the use of this for the spring he can wait until July, but would certainly like to have one by then. If it is impossible to supply this size then I suppose we will have to do with a 1½-2 ton truck.

I have the honor to be,
Sir,
Your obedient servant,

Dear Sir,

Referring to my letter of February 14th, I should be most grateful if you would let me have the Department's estimate of the present value of the buildings at St George's School, Lytton, for the purpose of fire insurance. The insurance expires at April 30th, but I have the agent's promise to keep the place covered until the new premiums can be adjusted.

I am very much obliged to you for kindly letting me have the two certificates, as to expenditure at both the Institutions, for which I asked.

I am, dear Sir,

Yours faithfully,

Sir,

I would like to bring to your attention the great need of a touring car for the principal of St. George's Industrial School. Mr. Lett, when he came out here, brought his car with him, which car has been used steadily for the last two and a half years, and is now completely done.

Mr. Lett as you know has worked very hard and has raised the school to a very high standard, which has only been done by constant attention to duty. He has been practically on duty day and night running here, there and everywhere with his own car. This now practically refuses to go any longer.

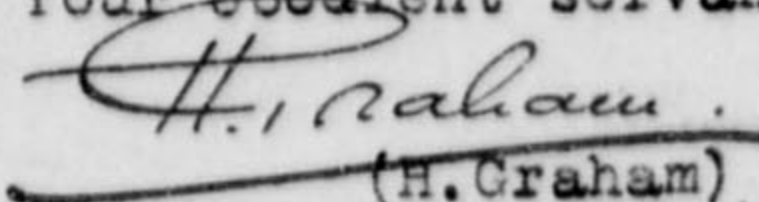

Owing to the location of the farm and the great deal of work to be done with this and also with the school the car is practically indispensable, so he is now at his wits end to know how to get about. It is absolutely essential that he should have a car, and as he has now worn out his own, I think that the Department should replace it.

The old car could be turned in and would realize about \$125.00 upon the purchase of a new one, and I sincerely trust that the Department will be able to see their way clear to do this, as it is too much to expect the principal to buy another car out of his own pocket.

Hoping to get an early and favorable reply,

I have the honor to be,

Sir,
Your obedient servant,

(H. Graham)
Indian Agent.

Dir. Scott.

Rev. Mr. Lett, Principal of the Lytton Indian Residential School, has used his own Ford car in connection with his duties for the past 2½ years and it is now completely worn out. The agent recommends - and I concur - that a new car should be supplied for the principal and I wish to suggest that funds be found in the New England Company quarterly payment. Mr. Lett could be instructed to turn in his old car and realize \$125 (estimated by the agent) towards the purchase of a new one. The balance would be approximately \$550 and he could meet this from school finances and send the receipted account to the Department. We could then give him a grant from the New England Company money which would be deposited in ~~the~~ Trust Account.

I am directed to acknowledge your No. 3-06 of the 22nd ultimo, with reference to the advisability of providing a Ford car for the use of Rev. Mr. Lett, of the Lytton Indian Residential School. The Department proposes to retain in Ottawa, for replacements and repairs, etc., the New England Company quarterly grants and the Deputy Superintendent General has been pleased to authorize that the expenditure for the Ford touring car be taken from this fund.

The Rev. Mr. Lett should turn in his old car to the agent of the Ford Company and secure a new touring car for the best possible price. He should pay for this by School Cheque and send the receipted account, properly certified by yourself, to the Department. A cheque on the Trust Fund will then be issued in his favour.

Sir,

I have department's letter dated May 9th, advising me that I might purchase a Ford car for the principal of Lyttton Industrial School.

I got prices from the Ford dealers on a car, which they gave me at \$680.00, but would not take the Chevrolet as part payment.

I handed your letter to the principal and he has now just answered me, and I am enclosing his letter.

I might state that a Ford car in this vicinity is practically useless as the hills are far too heavy for a two geared car, and the braking system is not at all suitable. It would mean that the car would have to be relined practically every trip it made to Lot 47, as there is four miles steady hill to come down. The Ford car is quite all right for a city or flat country, but is quite unsuitable for a district like this.

Trusting the Department will reconsider this matter,

I have the honor to be,

Mr. H. Graham,
Indian Agent,

Dear Mr. Graha:-

Re the Department's offer to allow me to purchase a Ford Car out of the proceeds of the N.E.Co. Grant to this school. I might say that we can ill afford at this time to lose this Grant as a whole, or even to the extent of \$680, the price of said car, nevertheless, I shall endeavor, if possible, to carry on less this amount as I must have some means of conveyance other than horse and cart. This, of course, is providing the Department sees fit, after the following, to insist that a Ford Car must be installed.

While I have no personal objection to riding in a Ford, there are several reasons why it would not be economical to have one here when the initial cost would not be very great in the purchase of a Chevrolet, a three speed car. The difference in cost would not exceed \$100 as correspondence from the Ford Agents shews that they do not want to handle the old car, while the Chevrolet people have offered me \$150 for it on a new car. This means that I would have to pay \$680 cash for the Ford and run the risk of selling my old car myself for whatever I can realize for it. I would much rather prefer to hand the old car over on a new one and have nothing more to do with it.

Again the expense of running a Ford around these hills in the way of lining brakes and gears, would be much greater. I can readily see where the Ford would spend a great deal of its time in the local garage instead of giving service to the school and as you know I have no time to wait on this kind of thing. If I was buying a car myself I certainly would not spend my money on a Ford car expecting it to give the best services in this country.

\$680.00 plus \$150.00 would be \$830.00. The difference between this amount and a new Chevrolet is \$50.00. I would be quite willing to pay this difference myself rather than spend a great deal of time waiting on a two speed car and after it is installed eternally fixing up some part that will not stand the strain of so much heavy hill work.

I trust the Department will see fit to change their decision allowing me to purchase or spend the above arranged amounts on a Chevrolet which will give the desired satisfaction.

Yours very sincerely,

A. P. Lett

Memorandum:

Dr. Scott.

Two weeks ago, with your approval, the Department authorized the Rev. Principal of the Lytton Indian Residential School to purchase a Ford car, after turning in his old machine, and send the receipted account to the Department. The funds were to be found in the New England Company's quarterly grant for this institution. It is now reported that Mr. Lett's old car is a Chevrolet and that a three speed car is practically necessary for the hilly country in the neighborhood of the school. I know the situation myself and I agree that a new Chevrolet touring car would give much better service.

I should be pleased to have your authority to make a payment to the Rev. Mr. Lett from the New England Company grant of \$680 in place of the promised \$550. A Chevrolet touring car will cost \$880. Mr. Lett will get \$150 when he turns in his old one and is willing to add \$50 from his own funds.

Sir,—
Having further reference to my letter of April 22nd, and Department's reply of May 9th, No. 165-0-5, re the motor car for the principal of St. George's Indian Industrial School, on the 20th inst., I replied to this, and enclosed a letter from the principal on the same subject, which we are now waiting to hear from.

*Action taken
letter of May 27/24
H. G.*

I regret to report that on Thursday last, a very serious accident happened through this old car. The head teacher was taking five of the boys out in it, when the brakes failed to work, at a critical moment, with the result that they all went over an embankment, which completely wrecked the car. One boy had a dislocated shoulder, and the teacher and other boys were badly shaken up. It is only a miracle that they were not all killed.

The principal is now without any means of conveyance, and finds it most difficult to get around, and attend to his work, without it.

I trust that the Department will give this matter their very favorable consideration and wire their intentions on receipt of this letter, if instructions have not already been sent me.

Mr. H. Graham,
Indian Agent,
Lytton, B.C.

Dear Mr. Graham:-

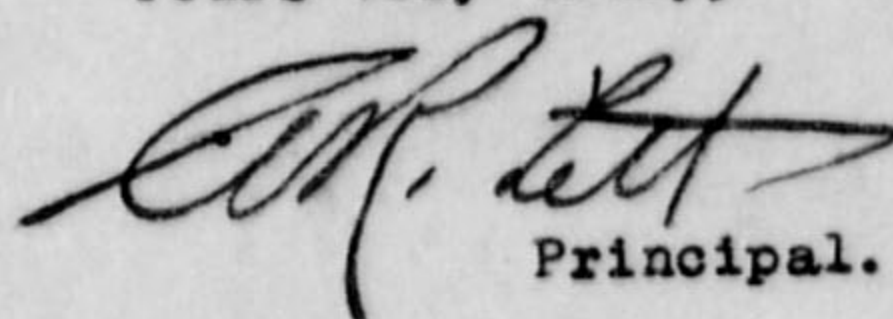

Two years ago this haying season our horses ran away with the McCormic Mower breaking the gears and cracking the frame. We replaced the parts broken and the machine did good work the remainder of that season and last year. This year owing to the heavy crop of hay the frame being unable to stand the strain has given way.

I have taken it upon myself to purchase a new machine feeling that we could not afford to wait until we could get authorization from the Department, it being an emergency case. As you know we have a large acreage to cut this year and to depend absolutely on one mower would be too slow because of so much other work pending.

I bought this machine from the International people at Ashcroft getting the best terms possible.

I trust you will see fit to approach the Department with a view of getting a grant to cover price of this machine. I also trust they will be patient with me having in this case gone over their heads.

Yours very truly,

Principal.

I herewith beg to enclose voucher number 81, amounting to \$118.75, in favor of Mark Dumond, together with a letter from the principal of St. George's Industrial School, which will speak for itself.

As the principal is having difficulty in financing the institution and getting the place out of debt, he finds it rather hard to meet these unforeseen expenses, and I would like to recommend that the Department assist him with this.

I have the honor to be,

Sir,

Sir:

I have your letter of the 13th instant, enclosing a voucher amounting to \$118.75 covering the cost of a mower purchased by the principal of the Lytton Indian Residential School, together with a communication regarding the purchase.

The urgency in making the purchase of this mower is not understood. The principal was, no doubt, aware that such equipment would be required and he should have obtained authority from the Department, through your office, before incurring the expenditure. In order to meet the requirements of the Government Contracts Supervision Committee and the Auditor General, it is necessary that competitive prices be obtained, and, when forwarding a voucher, it should be supported by an abstract showing the firms asked to quote and the prices quoted. This is required in order that full particulars be available, as required by the Auditor General. The Department cannot in future be responsible for the payment of accounts when the expenditure has not first been authorized, except in the case of purchases of the utmost necessity.

Please state whether the mower purchased is of Canadian manufacture and if competitive prices were obtained. If so, they should be forwarded for the information of the Department and the Auditor General. Payment of the account is being withheld until full information is received.

Dear Sir:-

I have your letter of June 21st, acknowledging voucher for \$118.75, covering cost of purchase of mower by the principal of the Lytton Industrial School.

You ask for reasons for the emergency for the purchase of this machine. I thought that this was fully explained in the principal's letter. The old machine had been broken and repaired, but it suddenly gave out during haymaking season and as the principal was going to Ashcroft to get his auto, he took it onto himself to purchase a new mowing machine. Although he knows about the requirements of the Government Contract Supervision Committee, he did not say one word to me, and therefore competitive prices were not obtained. I knew nothing of this purchase until the machine was here. The principal's excuse was that a machine had to be had at once, as they were in the middle of haymaking, and they could not wait to obtain competitive prices. The mower in question was bought from the International Harvester Company of Canada. The parts are assembled and put together by a Canadian firm, and are therefore looked upon as a Canadian make.

I have the honor to be,
Sir,
Your obedient servant,

H. Graham

Sirs:

Having reference to former correspondence in connections with the needs for a truck for St. George's Industrial School.

The Principal has just been in and asked me to again approach the Dept. as the time is drawing near that we will have considerable hauling to do, we are in hopes of having considerable hay for sale, as well as potatoes, and it is next to impossible with the long haul to do this with horses, besides the great loss of time.

There will be the coal to haul from town, which is an up hill haul all the way, and is very slow and hard for horses.

Mr Lett's touring car which he met with an accident with just before we purchased the new one, prevented this being turned in as a part payment, could be made into a very useful half ton truck for hauling groceries from town and shipping apples, tomatoes etc with.

As it is now Mr Lett uses the touring car, which in a very short time will be a wreck having to use it for this purpose.

The Principal has asked me to ask the Dept. if they would sanction having this car made into into a small truck at a cost of about \$125.00 the funds to come out of the New England grant.

I have the honor to be,
Sir.

I have your letter of the 2nd instant, with reference to the request of the Principal of the Lytton Indian Residential School for authority to incur an expenditure of approximately \$125 in having the touring car which he used before the new one was purchased converted into a half ton truck.

In reply I beg to say that the Department will approve of the necessary alterations being made to convert this car into a truck for hauling purposes. The expenditure for the purpose should, if possible, not exceed the amount stated. This will be paid from the funds from the New England Co. grant upon receipt of a voucher, certified by you, covering the expenditure incurred. The Principal should see that the expense of the work is kept down to the lowest possible cost.

Dear Mr. Graham-

We have this year a great deal more silage corn than will fill the present silo at the barn & I thought it would be an advantage if the old silo which is in perfectly good condition could be moved down so that it could be used to store the over plus of corn & filled with the third crop of alfalfa. The advantage of the second silo would be twofold. The silage could be used to substitute the summer pasturage & it would also be a time saver in harvesting the third crop of alfalfa & do away with the difficulty of curing this crop in bad weather which usually exists in the autumn. ensuring better fodder.

The moving of the old silo would cost approximately \$110.00 which amt. my financial status will not allow me to spend. I therefore wish to submit same to you for approval with a view of getting a grant from the Dept. to cover ~~on~~ same.

I would suggest that you ask the Dept. to wire their decision as it is now drawing nigh to the time when we should harvest the corn.

Yours very sincerely

Sir:-

I herewith beg to enclose a letter from Mr. Lett, principal of St. George's School, asking for some assistance to move the silo from the old barn to the new one.

When applying for the new barn, I might say, I made application for two silos, but only one was given us, and we find that we have too much ensilage this year for the one and the second one can be put to good advantage.

Within the next two years we hope to have the new barn completely filled with milking cows, and when we have this, the two silos will not hold a bit too much ensilage. In talking this over Mr. Lett suggested that this money might be taken from the New England grant.

At any rate I would strongly recommend that this be approved and if the Department does, will you kindly wire me, as it is necessary to get this up as soon as possible.

I have gone into this matter very carefully and I find that vouchers 421 I amounting to \$336.49, and 422 I amounting to \$244.42, amounting to \$580.91, were sent in from this office. The Department sent Mr. Orr a cheque for \$440.11 on these two vouchers, which left a balance due him of \$140.80, the amount which he claims is short.

These vouchers were in connection with the water works and why the Department deducted this amount I do not know.

Sir,-

Referring to your letter of the 8th instant regarding the amount (\$140.80) retained from Mr. Wm. Orr when payment of his accounts was made for work on the barn at St. George's School, I beg to say that, in making settlement the Department allowed Mr. Orr 10% commission on the total cost of the work. It was considered, therefore, that he should not also be paid wages as per voucher No. 421-1, but, after looking further into the matter it appears that Mr. Orr performed the services of a workman in addition to having oversight as a contractor, and, consequently, the Department has allowed him payment of \$128.00 by the cheque herewith inclosed for personal work. He has not been allowed commission on his own work. It is hoped that this payment will be regarded as a satisfactory adjustment of Mr. Orr's claim.

I beg to confirm the following nightlettergram sent you in connection with the ensilage cutter and blower at St. George's School, Lytton.

" Lytton, B. C., Sept. 21, 1924.
"Dept. of Indian Affairs, Ottawa.
" St. George's School ensilage cutter and blower com-
"pletely broken down; and still about one hundred and
"twenty tons of ensilage to cut. May I purchase new one,
"price about one hundred and fifty dollars, may be allowed
"something on the old machine. Can be charged against New
"England grant. Please wire reply. Urgent.
(signed) "H. Graham, Indian Agent."

In regard to this I beg to state that we had just been started two days cutting ensilage when the machine broke down completely. Something must have got into it, and the whole machine was practically wrecked. We sent to Vancouver to see if new parts could be had, but they wired back that they could not supply them there, but might get them in the East. The machine has been in use for a great number of years and is an old model, and as we have at least 120 tons of ensilage still to cut, we thought that it would be very much better to purchase a new machine, rather than run the risk of not being able to replace the parts in the East.

I trust that the Department will see their way clear to granting this request as it is a much needed machine at the present time. The Canadian Fairbanks-Morse advised us that they might be able to allow us something on the old machine.

Sir:-

I herewith beg to enclose vouchers numbers 215 J and 216 J, amounting to \$350.00 and \$13.28, respectively, in favor of Mark Dumond and St. George's School, for an ensilage cutter, which was authorized by departmental telegram dated September 22nd, and letter dated the same day, confirming telegram.

When I wired the Department for authority, I quoted about \$150.00. This was the estimate that Mr. Lett thought it would cost, but when we got quotations, it was found to cost more than double this, but as we had to have it immediately, I purchased one to the best advantage.

Trusting that the Department will approve of this,

Dear Mr. Lett:

Your general letter of October 15th has caused me much concern. His Lordship the Bishop of Ottawa and Mr. Ferrier were in my office yesterday and we discussed remedial measures at some length. Relative to your general financial condition, I believe you have done as well as could be expected, considering the difficulties. There is being directed to you under separate cover a cheque for \$1270, which is on hand from the New England Company. Please use this for outstanding accounts, so that some of the worries of current financing will be relieved.

To further release per capita earnings for regular current expenses, you should request authority for all repairs and replacements other than those of a minor nature. Whenever funds are available, favourable consideration will be given to meeting these costs from Appropriation or future payments from the New England Company.

I understand from your letter that you are in favour of capital expenditure in connection with:

1. Hogpen and henhouse.
2. Milch cows, hogs and chickens.
3. Employees' residence.
4. Bath and toilet accommodation for two residences.
5. Principal's residence.
6. Proper living quarters for boys.

I believe funds can be found for some of these needs now and I am prepared to place an item in the Estimates for the more costly undertakings. If the Government allows the item the work could be undertaken next spring. Give serious consideration to the various questions and telegraph me, estimating the cost concerning what you would like to undertake immediately.

Indicate if the building activity you request in your telegram can be undertaken by day labour, under your supervision and that of the Indian agent. Further, let me know if stock should be purchased this fall, as I notice you have plenty of feed.

In the light of your letter, I consider that one of the most important requirements is the provision of a residence for yourself and family. You might let me know if a building of this type could be erected now and indicate the probable duration of the building season at Lytton. Upon receipt of your telegram, I will endeavour to secure the authority of the Superintendent General for the activity that is considered necessary now, provided the funds are available.

As it may not be possible to provide a new main building at Lytton in the near future, I am inclined to ask for a Vote for a boys' dormitory and playroom combined. Please let me know by letter what you think of such a building and indicate whether it would be satisfactory to place it on the site that would be suitable for a new main building. We could perhaps use such a structure for classroom purposes in the future. In your letter you might intimate whether or not residence accommodation could be provided in the main building for the two employees who are not well housed, if the boys' dormitories, wash rooms, etc., were released by the provision of a special boys' building.

I was very pleased to learn that you have done so well on the farm and I wish to assure you of my active interest and assistance.

Dear Mr. Scott-

Re Estimates forwarded you by night lettergramme.
I might say that these estimates ~~xxxx~~ were roughly put together. I have however tried to give you the approximate cost including freight cartage & hauling of material for building & gravel for cement work.

My suggestion to wait over until the spring to commence operations is twofold. The winter has this year set in very early as since the first of the month we have had considerable snow & frost. Secondly that during the interval to get everything in readiness, would possibly lessen the cost by at least 2000.00 Dollars, as during the slack months of Jan. & Feb. we could, with our own teams do the hauling & excavating. A purchasing Agent could be had in Mr. Orr of Chilliwack who could by close observation pick up, in Car Load lots, the lumber needed. Cement could be shipped in by Car Load this would save considerable in freight charges.

With all the work going on at the same time, money could be saved on Plumbing & Plastering & c., as the one firm could be given the work, & having it done at the same time would save train fares for men & the whole job would be a fairly good pick up for one firm.

I would not be able intelligently to supervise the work & would therefore suggest that Mr. Orr be given the supervision, & the work done by Day Labor on a cost plus basis.

I have not taken the Boys' Dormitory into consideration as I am dealing fully with this in a further report.

I omitted to say that we needed the cows as soon as purchase could be made. These cows to freshen shortly, if possible to obtain. This, I think, would not be a hard problem & could be had very reasonable in price, as feed is not in great abundance in the valley. We could then be able to turn over some ready cash which is so much needed.

Thanking you for hearing & interest & trust the above will to some degree explain the contents of telegramme of last evening.

Yours very obediently

Ottawa, November 26, 1924.

Dear Mr. Lett:

Upon receipt of your letters with reference to building activity at the Lytton Indian Residential School, I immediately made arrangements to ask Parliament for a substantial vote which could be used during the coming building season. I have discussed a proposed programme with Mr. Ferrier and Mr. Orr and it is my aim to erect a farmer's residence, a hen house and a hog pen on the new site as soon as weather permits next spring. This activity could be undertaken by a competent builder, who could purchase the materials and supervise the work as foreman.

I suggest that the residence near the present school, which would be vacated by the farmer, be decorated and fitted up as a temporary home for yourself and family. A septic tank, plumbing and whatever else is needed could be provided. A cold storage building is, no doubt, needed; but my thought is that this could wait until it could be placed on the new site.

I am asking both Parliament and the New England Company for funds to erect a portion of a new main building. The wing would contain heating plant, dining room, kitchen and assembly hall. Until the main wing is erected, the dining room, kitchen and assembly hall could be used as boys' quarters.

It is true that such an arrangement would be somewhat inconvenient at mealtime, but the general supervision ought not to be more difficult. The farmer would be living near the new wing and the new barn and temporary quarters could be provided for another male officer with the boys. I believe that this arrangement would effect a saving in the long run and I will await with interest your answer to this communication. Mr. Indian Agent Graham is receiving a copy for his information.

Dear Mr. Scott:-

Referring to yours of the 26th ult ~~to hand~~. I have read the contents with interest & must say that I thoroughly appreciate the proposed programme of building mapped out for erection in the spring. We are in great need of such equipment & needless to say that I shall endeavor to make each a payable proposition.

May I ask if there is anything I might be able to do in the way of preparation such as excavating & drawing of gravel. I believe the men could make time to do some of this work later on in the season.

Re. the possibility of fitting out the present residence occupied by one of the farm hands to be used temporarily for a Principals Residence cannot be carried out to any degree of satisfaction as this shack is a small log house & is already beginning to fall to pieces. This being the reason why I asked that a new residence be built for the farm hand. The building is no longer occupiable. I trust you will pardon my frankness but I wish you could see the building & you would easily realise the fruitlessness of your suggestion. It really would be throwing money away.

I might say that building a Principals residence on the new sight would not, to any great degree, hinder my work & connection with the present school Building. My whole aim is to get Mrs. Lett & the younger away from the present environment. This cannot come too soon as it would give better satisfaction, & more contentment & consequently, better service. The old house which would be vacated is well down on the farm & not far off the new sight hence repairing this would not make much difference in so far as convenience is concerned.

I believe the right step is being taken regarding the commencement of a new School & I trust & pray that you will be able to accomplish your aim. The advantages would, I believe, offset the disadvantages. We at least could house the older boys thus separating them from the smaller. They would also be in the centre of operations & could be supervised by one of the farm hands together with one of the teachers. This would do away with the position of House-master thus making a substantial saving. The Matron would be able to handle the smaller boys. There would be more room for playgrounds & rooms hence easier & better supervision.

Thanking you very sincerely.

In answer necessary

I beg to acknowledge the receipt of your letter of Nov. 28th. enclosing a copy of a letter signed by Mr. Duncan C. Scott and addressed to the Principal of the Lytton Indian Residential School.

I have discussed this matter very full with the Principal, and it is very gratifying to learn that the Department intend erecting the farmer's residence, hen house and hog pen, as soon as the weather permits in the spring.

We are certainly very much in need of all these and they will allow a profit being made for the school from these sources.

In regard to the suggestion that the Principal take over the farmers cottage that is to be vacated, this is quite out of the question, as it is an old log building that has been condemned, and has really become uninhabitable

It is certainly great news to us to hear that it is proposed to ask for an appropriation, in order to start the main wing for the new school.

When this is completed, it will certainly get over a great many of our difficulties, as the boys quarters as suggested could be taken care of there.

It might not be out of place here to mention the water shortage that is threatening us, at the present ~~xxx~~ school site.

Everything possible has been done to get all the water available collected together, but with all that it looks as if it might run short, as some of the springs, that used to run a good head of water have completely dried up.

A great deal depends now on the severity of the winter, if we have it very cold, it may dry up some of the springs now running, but if it remains a fairly open winter they may not be affected.

Your obedient servant.

Dear Mr. Lett:

I have your letter of the 5th instant, with reference to the proposed building programme at the Lytton Indian Residential School. I note that the farm hands' residence could not be fitted up as a temporary principal's home.

It is extremely desirable that the principal live in a residence that is attached to the boys' wing. The home can be planned as if it were a detached building, but one wall is that of the main building. One door, admitting into the institution on the ground floor, is all that is required. You will understand the advantage of this arrangement in the matter of supervision.

It is, therefore, not advisable to erect a principal's residence until the boys' wing of the main building is being built. I have to suggest, however, that a farmer's residence be erected on the new site at Lytton and that this building be occupied temporarily by yourself and family.

If we are able to build a portion of a new main building, as indicated in the third paragraph of my letter of the 26th ultimo, the older boys could use this as living quarters and temporary accommodation could also be found, no doubt, for a farm hand and one of the teachers.

As soon as building is possible next spring, the hen house and hog pen could be erected on a day labour basis. A contract could be let for the farmer's residence and the wing of the main building, if the funds are provided. There will be no advantage in any excavating or hauling of gravel for work that is to be done by contract. You might direct to the Department rough sketches of a suitable hen house and a hog pen.

In a separate letter, I shall be pleased if you will indicate what accommodation should be provided in the new main building. The number of pupils that you are confident of securing should be stated and the number of officers who will live in the building should be mentioned.

Sir:-

The Reverend Principal of St. George's School, showed me, a short time ago, your letter to him in connection with the proposed starting of the new building in connection with this institution.

It is very gratifying to note that it is your intention, if possible, to get an appropriation put through to start the first unit this coming spring. The last four days have shown how very essential it is that a new building be installed as soon as possible. The present building is completely done as far as housing anyone during the winter. The heating plant is quite incapable of heating this building sufficiently. It has been running at full capacity ever since the cold weather started, and the highest that they can get the temperature in any room is 52° and in some of the rooms it was only registering as high as 38°. The members of the staff are to be seen going about their duties inside the building with overcoats on, and I am very much afraid that it will be difficult to keep the staff over another winter in this building. If there is a chance of getting the building started, would it not be possible to get the whole building built at once, as it is not fair to either staff or pupils to have them housed in such a cold building as the present one is.

*Fear no hope

Mr. [unclear]
I hope you will pardon me for submitting a report at this time, but as you have stated you are expecting to ask for appropriations for the beginning of a new school, I thought the following would perhaps be of some use toward getting out a report on further conditions existing at the school.

The weather has dropped from 64 degrees above on Sunday evening last, and now registers 12 below zero this morning. Since Monday morning, we have been suffering terribly with the cold, not being able to obtain sufficient heat, owing to the fact that our heating-system is over capacitated.

BRANCH
Have not been able to allow the children to occupy the schoolrooms, as the temperature there has registered a minimum of 32 degrees, and a maximum of 52 yesterday noon, with the sun streaming through the windows. This condition of affairs is not by any means ideal, nor conducive to the work, and health of children and teachers. The children are in the midst of their Christmas Exams, and last night on entering the senior schoolroom, I noticed that the Senior Teacher was trying, with what results I do not know, to conduct an exam with the temperature at 50 degrees.

This condition is general throughout the building, all departments being more or less stopped through the intense cold, which, should we have an adequately heated plant, would not be minded at all.

These facts will strengthen our plea for funds for repairs
There is no gainsaying the fact that the age and condition of repair of this building adds to the labour of heating it, as there is hardly a wall in the place that does not let the wind and cold blow through it like a piece of cheesecloth.; the windows are ill-fitting and the sills loose; doors have to be padded to try in some way to keep the drafts down.

Yesterday morning the doctors appeared on the scene, prepared to operate on the children selected for the removal of tonsils. Needless to say they were unable to think of operating under the existing condition of the temperature. We were unable to select one room in the whole building which we could heat to a degree of heat which would warrant these operations, and then would follow the return of the children after the operation to the cold dormitories. No doubt you will receive in due course, a report on their attempt and findings.

The building, from a living standpoint is almost an impossibility, and it is only under the feeling that, having a promise of the commencement of a new school, that myself and staff can carry on at all, under such existing circumstances.

I sincerely trust that the above will be of some help towards opening up the hearts of members of the Legislature when the time comes for voting the necessary money to carry on this work. People do not seem to realise the conditions under which men in the field are obliged to labour.

Sir:

I have your letter of the 18th instant, with reference to the general unsuitability of the main building at the Lytton Indian Residential School and the desirability of completing a main building at the first opportunity. There is no probability that funds will be provided for a complete main building next year, as there are so many pressing claims on Parliamentary Appropriation. It is hoped, however, that a start will be made on the new plant.

Mr. Duncan O. Scott.
Dept. Supt. Gen. Indian Affairs,
Ottawa.

Dear Mr. Scott-;

Re letter No. 165-8-5 of Dec. 15th last; I may say that I have hesitated to answer same at once as I wished to consider thoroughly the proposition of occupying the farm residence which you propose in building with the new addition Unit if you are able to put estimates through for the erection of same.

I just see your point in the question of ^{supervision.} ~~disposition~~ ~~with~~ ~~the~~ ~~farm~~ ~~residence~~ ~~which~~ ~~you~~ ~~propose~~ ~~in~~ ~~building~~ ~~with~~ ~~the~~ ~~new~~ ~~addition~~ ~~Unit~~ ~~if~~ ~~you~~ ~~are~~ ~~able~~ ~~to~~ ~~put~~ ~~estimates~~ ~~through~~ ~~for~~ ~~the~~ ~~erection~~ ~~of~~ ~~same~~. On the other hand I hesitate somewhat in moving into this new residence as from the point of view of living quarters this man is existing under by no means ideal conditions & it is only that he & his wife have been looking forward to moving out of the old shack that he has exercised such patience. We, myself & Mrs Lett with the baby who is now a very spoiled child, will have to try & carry on in our present abode & under present existing conditions with the sincere hope that no ill effects may develop. It is a rather hard two years future, or perhaps more to look forward to but in talking the matter over with Mrs. Lett we have concluded to make the best of it for the time. This may not be a final outlook on the situation as when the time comes & the farm residence has materialized circumstances may be such that might warrant our occupying it temporarily.

There is no reason why room could not be provided for two members of the staff who would be able to supervise & attend to the needs of the boys housed in the new quarters.

I trust you will see in the above my view & feel certain that you will exercise your utmost to have us changed around at the earliest possible period.

Yours very obediently

Sir,-

With reference to your letter of the 2nd ultimo enclosing sketches for a hog pen and chicken house, I am sending you today herewith literature relating to hen houses and hog pens as published by the Department of Agriculture.

With regard to the poultry house I think the permanent laying house which I have marked with blue pencil would be more suitable and economical to construct than the one shown in your sketch. You will notice that a space is provided for slats in the ceiling in which to place straw. This is for the purpose of absorbing the moisture, which as you know is a very great advantage in a poultry house in the winter months.

With reference to the erection of these buildings I would ask you to furnish me with your estimate of the cost and let me know if you are prepared to undertake the work yourselves providing the Department allows you the services of one competent carpenter.

Dear Mr. Graham-;

I have this spring to purchase 500 lbs. Alfalfa seed which at 30 ¢ per lb. will run me into a bill of \$ 150.00. It is necessary that this seed should be sown & if it is at all possible I would be very grateful if the Dept. would be responsible for this amt. as I feel I can ill-afford to carry same at this present time. Except for the rotation of about 30 acres of land it has been my aim to seed all the remaining available land to Alfalfa as it is without doubt the most paying crop here outside of fodder corn.

I trust you will see fit to present this request to the Dept.

Yours very sincerely

I herewith beg to enclose a letter from the principal of St. George's School, asking for some assistance towards purchasing alfalfa seed, in order that he may sow down about thirty acres this spring.

In regard to this application I might say that the principal has about got this farm on a paying basis, but he finds it difficult to finance extra expense of this nature, and I would like to recommend that he be given this assistance.

I have your 3-06 of the 8th instant, enclosing four vouchers with reference to building activity at the Lytton Indian Residential School. These are being paid, with the exception of your voucher No. 47 K, in favour of the school, for \$233.00. I consider that the management at Indian residential schools should supply whatever labour and materials they can, without cost to the funds at the disposal of the Department. The account in question is returned herewith. Please explain to the Rev. Principal.

Ottawa, July 30, 1925.

Dear Mr. Graham:

I have to inform you that the Rev. Mr. Lett, Principal of the Lytton Indian Residential School, when in Ottawa a few weeks ago, discussed with the Department the erection of two cottages on the new school site for the staff. It was understood that one of these homes would be used by the Rev. Principal and his family for the time being.

I am pleased to state that \$3,000 is available for the purpose of erecting the two cottages and the Department Architect is convinced that the Rev. Mr. Lett's plans for these two buildings will be satisfactory to the Department. You, in conjunction with the Rev. Principal, are authorized to purchase the materials necessary for these two buildings, after securing competitive prices. When you are submitting certified accounts in duplicate, in favour of the firms given the business, you should attach memoranda showing those asked to quote and the prices quoted. Labour returns, in duplicate, should be kept for any labour employed, showing the hours of the men engaged and their receipts for wages. A supply of these time sheets is being directed to you under separate cover and there is also being directed to you an accountable cheque for \$800 with which to pay labourers. It is understood that the school staff, teams and older boys will work whenever possible on the two cottages. None of the funds directed to you should be used for the payment of materials. These accounts should be directed to the Department for payment.

Both you and the Rev. Principal, who is receiving a copy of this letter, should keep in mind the fact that only \$3,000 is available for this purpose and that the expenditure should be kept within this amount.

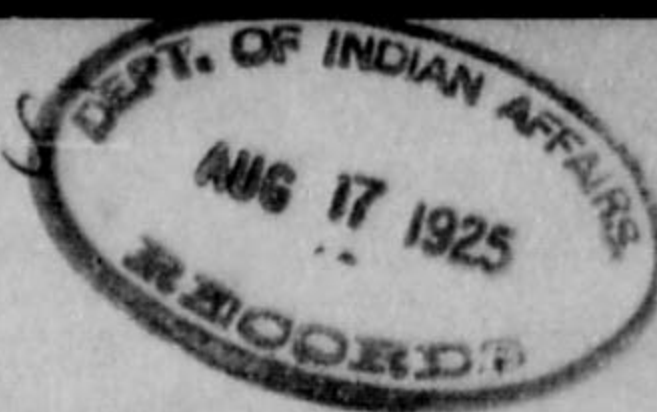

Yours very truly,

	8 H.P. " " " on Skids	325.00

These prices are net F.O.B. Lytton.

In regard to the hay press, the quotation we
have given you is the same as if bought F.O.B. Calgary. We just
brought in a carload direct from the factory, and this method of
buying saves considerable in freight and we are able to offer Cal-
gary price. We have just one left of the above type.

These are exceptionally strongly constructed
presses.

The Deere Spreader has the higher rear wheels
and lower box than any other make. There are no chain drives on
this machine. We have sold quite a few carloads of these and there
is an ever increasing demand.

Dear Sir-;

Find enclosed invoices in triplicate for one Chevrolet Truck which I have purchased & is a great advantage to the work at the school especially at this time of the year. In making this purchase I bought the truck without the platform or box, I hope to add this in our own shop thus saving the Dept. in the neighborhood of \$100.00.

As per our verbal agreement in June I trust you will find sufficient funds in the N. E. C. quarterly grant for this quarter to cover this expense.

Yours very sincerely

The Deputy Superintendent General,
Department of Indian Affairs,
Ottawa.

Sir,-

The Department is in receipt of an inquiry respecting the application of the excise tax on an automobile chassis purchased by the St. George's Indian School at Lytton, B. C.

Will you please advise, therefore, if this school is under the absolute control of the Dominion Government.

I have the honour to be,

Dear Sir,-

I have your E.T. of the 1st instant relative to the excise tax on an automobile chassis purchased by the Lytton Indian Residential School.

This institution is under the absolute control of the Dominion Government. The property is owned jointly by the New England Company of London, England and the Dominion Crown. This Department hopes to purchase the equity of the New England Company in the near future. The current expenses at the present time are divided approximately as follows:-

Indian Affairs - 85 per cent.
New England Co. - 15 per cent.

Yours truly,

J. D. McLEAN

Acting Deputy Superintendent General.

Out letter per 2/25 R
Sir,

Enclosed please find time sheet for work done on two cottages built at St. George's School.

You will notice from the statement enclosed that the full amount came to \$1330.75. From this had to be deducted the amount of board which was credited to the school, of \$233.00, leaving a balance of \$1097.75 due for wages. I have paid out the \$800.00 advanced and sent to me by the Department, and Mr. Lett advanced the difference, of \$297.75, for which I am enclosing a voucher, No. 301K. Mr. Lett advises me that the Department has this amount to the credit of the buildings in Ottawa. 1310.75

Trusting that these will be found in order,

I have the honor to be,
Sir,
Your obedient servant,

H. Graham

Sir,-

I am in receipt of your letter of the 26th November, with which you forwarded certain pay-sheets, etc., in connection with work on the cottages adjacent to Lytton Residential School. The paylists in question should be made out in duplicate in accordance with instructions contained in official letter of the 30th July. There is an error of \$20.00 in the addition of the pay-sheet for the 31st October. If you received \$297.75 from Mr. Lett to complete the payment of men's wages you should forward a receipt ~~from him~~ to be attached to the voucher, for that amount, which you submitted in his favour.

The expenditure authorized in the official letter of July 30th was \$3,000.00, but the accounts amount to \$1,876.22 and the pay-sheets to \$1,310.75, or an aggregate of \$3,186.97, which is \$186.97 in excess of the amount authorized.

Sir,-

I am in receipt of your letter of the 26th November with which you forwarded certain vouchers, one of which is in favour of Mr. Wm. M. Orr, amounting to \$108.40 and covers expenditure in connection with the erection of two cottages at St. George's Residential School, and in reply I may say that before dealing with the matter of payment, the Department desires particulars regarding the charge in the said voucher for eight railway fares from Chilliwack to Lytton and return. You should state whether Mr. Orr made the said trips purely on business in connection with the erection of the cottages or whether he went from Chilliwack to Lytton to transact private business. If the latter was the case it is considered that the Department should not be charged with his travelling expenses.

The question of the payment of the voucher mentioned will not be dealt with until your report is received.

Your obedient servant,

Dear Mr. Scott-;

Re. your telegram concerning the possible postponement of the building of the New School. I answered same stating that "Delay would mean great inconvenience and grave risk practically impossible to wait" From the point of view of the former.

1. The school is now so far away from the farm that the boys are obliged to drive one half mile to do the milking. This means out of bed at five o'clock in the A.M. in order to be back for breakfast with the milk for seven.

2. In some cases when the farm work is being done on the north east of the farm the men & boys are obliged to travel about one mile to their work. This naturally curtails a great deal of lost time & money in the payment of staff whereas if the school were moved to the new site the greater part of this lost time would be taken up in actual work as the school would then be situated in the middle of operations. By this move being done it would not only save me the worry of seeing so much unnecessary waste of time but would also help financially.

3. I am now living one half mile away from the school having just completed the cottage which I spoke of occupying for the few intervening months expecting the School to be built on block or the greater part beginning next spring. This will continue for over a year or perhaps two the extra running entailed.

4. The constant fear of staff resigning owing to the unalterable inconveniences through unsanitary conditions & lack of equipment.

5. Having to haul water to auxilliate the present exhaustive supply, & very often necessitating the carrying of water to flush closets in the dormitories.

Grave Risk.

1. Overcrowding of dormitories and the evils attached to it.

2. No separation older from younger pupils. We have what we might call divisions in the boys dormitories but the girls are all together.

3. No isolation for sick. Contagious diseases must needs be let run riot.

Cold building. Drafty. Heating system overradiated. Children at the present time have heavy colds & do not seem able to shake them. Two children are in the hospital having developed pneumonia.

5. Insufficient water for sanitary purposes & fire protection.

Seeing irrigation ditch which is full of disease germs keeping us in constant dread of disease outbreak.

6. Insufficient sanitary equipment

A newly appointed Bishop of Cariboo has lately visited the school & has cabled the N. E. Co. asking them to refrain from putting anything into the way of the Dept. which might hinder you from building the coming spring. The Bishop was not a little disappointed at the state of the buildings on the whole especially noting the foundations of the old part of the building. No doubt you have heard something from him by this time. The N.E.CO. appointed him visiting Bishop before he left England & as this will be his Diocesan School he is interested in its welfare.

I do hope you will be able to go on with the building next spring we need it so badly from so many viewpoints. The building of a New School would relieve us all of so many difficulties and risks to the health & morals of the children.

Yours very sincerely

Referring to your letter of the 11th instant, I beg to say that the voucher for \$277.75 which you submitted in favour of the Rev. A. R. Lett, of St. George's School, Lytton, as an advance on wages paid carpenters in building cottages in connection with the school, has been paid. The paylists for wages have been credited against the advance, but I may say that the note on the paylists in regard to \$233.00 for board of men is not sufficiently explicit. Kindly report in the matter stating whether the amount was deducted from the men's wages and paid to the school, or whether the men were boarded at the school without charge. The matter should be made perfectly clear.

IN YOUR REPLY REFER TO No. 3-06 ALSO TO DATE OF THIS LETTER

[Signature]
Sir,—

I beg to acknowledge receipt of departmental letter dated December 23rd, asking about a deduction of \$233.00 which was shown as a footnote on the payroll accompanying a voucher sent in in favor of A.R.Lett for payment of wages, on two cottages built at St. George's Industrial School.

In reply I beg to state that this amount was the total deducted from the men's wages for board, by the Rev. A.R.Lett, during the whole time that they were working. The note was made on the payroll just to show that the men had paid board out of the amount paid them as wages.

I have the honor to be,
Sir,
Your obedient servant,
